TEAK SQUARE STUMP

- Solid teak stump table is hand shaped in a way that preserves the natural character of the material.
- Each table is unique and is made of element-resistant teak wood. If left outdoors, it will acquire grey patina.
- Comes in multiple sizes. Slight size variations are possible due to the nature of the product. Also available in a cylinder and a ball shaped version.
- All wood is sustainably sourced from local plantations. Hand made in Central Java, Indonesia.
