## VANDAM MEDIA CABINET

- Vandam media cabinet features sliding louvered doors and slats on the back for wire management and air circulation. Made from solid wood using traditional joinery techniques.
- Doors run on tracks. Louvered fronts allow to remote control electronics without interference.
- Legs are hand turned solid wood. Inside are two compartments each with a height adjustable shelf.
- Clear finish.
- All wood is sustainably sourced from local plantations. Hand made in Central Java, Indonesia.
