

# **PERFORMME**

BODY LINE WITH AN INTENSE ACTION ON TARGETED AREAS

TECHNICAL SPECIFICATIONS

**PERFORMME**  
BODY LINE  
WITH AN INTENSE ACTION  
ON TARGETED AREAS

The most innovative body treatments by summecosmetics that act by targeting very specific problem areas (breasts, buttocks, abdomen, etc.) They are the result of blending the most effective next-generation technological active ingredients with a masterful phytocosmetic synergy of essential oils and plant extracts.

GUARANTEED RESULTS.  
PROVEN EFFICACY.

“A more svelte silhouette without localised cellulite and smoother skin.”

1 **PERFORMME BODY DESIGNER**  
**BODY SLIMMING CREAM**

Ref: 10324

2 DESCRIPTION

Body cream with powerful slimming active ingredients that contribute to decreasing accumulated lipids in the adipose tissue, reducing the body volume of very localised areas (belly, abdomen, waist, thighs and hips) with a cosmetic effect. Its high concentration of active ingredients helps to activate the metabolism, smoothing the appearance of the skin and aiding fluid retention.

3 ACTIONS

- Lipolytic.
- Regenerating.
- Firming.
- Removes interstitial fluid retention.
- Promotes good circulation.

4 ACTIVE INGREDIENTS

**CAFFEINE (Caffeine):** Generally speeds up the metabolism, enhances lipid reduction in the adipocytes, as well as connective tissue regeneration.

**CARNITINE (Carnitine):** Speeds up the fat-burning process, turning fatty acids into energy, thus helping to reduce localised fatty deposits.

**FUCUS EXTRACT (Fucus Vesiculosus Extract):** Mobilises retained fluids in localised areas, boosting the circulation and removing toxins. Also improves skin elasticity by stimulating the fibroblasts.

**IVY EXTRACT (Hedera Helix Extract):** Activates the circulation, an important property for encouraging adipocyte release.

**ORGANIC SILICON (Methylsilanol Mannuronate):** Due to its regenerating action, it supports the skin's mechanical properties, including elasticity and firmness. Its lipolytic action induces the release of excess fatty acids accumulated in the adipocytes.

5 COMPOSITION

AQUA, PROPYLENE GLYCOL, SODIUM HYDROXIDE, PROPANEDIOL, CAPRYLIC/CAPRIC TRIGLYCERIDE, METHYLSILANOL MANNURONATE, TRICAPRYLYL CITRATE, FUCUS VESICULOSUS EXTRACT, RUSCUS ACULEATUS ROOT EXTRACT, EQUISETUM ARVENSE EXTRACT, HEDERA HELIX EXTRACT, GLYCOL STEARATE, CAFFEINE, ACRYLATES/C10-30 ALKYL ACRYLATE CROSSPOLYMER, PHENOXYETHANOL, MENTHOL, CURCUMA ZEDOARIA ROOT OIL, ZINGIBER OFFICINALE ROOT OIL, CINNAMOMUM ZEYLANICUM BARK OIL, SODIUM BENZOATE, CARNITINE, MENTHA PIPERITA OIL, IMIDAZOLIDINYL UREA, CAMPHOR, EDTA, ETHYLHEXYLGLYCERIN, Fisetin, RASPBERRY KETONE, PLANKTON EXTRACT, TOCOPHEROL, CI 14720.

6 DIRECTIONS FOR USE

**CIRCULAR KNEADING**, involves a series of pretty deep compression movements using the knuckles to stimulate the mobilisation of fatty tissues (as if “squeezing” the contents). Use on the belly, abdomen, waist, buttocks, thighs and hips.

7 “HOME CARE ROUTINE” FREQUENCY OF USE

Daily use. Morning and Night.

**IN VIVO EFFICACY STUDY: LIPOUT™**

Slimming and anti-cellulite active ingredient that stimulates the burning (thermogenesis) of accumulated fat in the adipose tissue, removing centimetres from the silhouette and reducing skin roughness. Following a user test carried out over 56 days involving twice-daily application in 20 women and 10 men with 3% active ingredient, the values reflect a visible slimming efficacy on the waist circumference by

**-2,9 cm. on average in women**  
**-2,6 cm. on average in men**

**PERFORMME**  
BODY LINE  
WITH AN INTENSE ACTION  
ON TARGETED AREAS

The most innovative body treatments by summecosmetics that act by targeting very specific problem areas (breasts, buttocks, abdomen, etc.) They are the result of blending the most effective next-generation technological active ingredients with a masterful phytocosmetic synergy of essential oils and plant extracts.

**GUARANTEED RESULTS.  
PROVEN EFFICACY.**

*"A redefined, better-looking silhouette and firmer, more compact skin."*

**PERFORMME PUSH UP CREATOR  
BODY REFRIMING CREAM**

Ref: 10325

DESCRIPTION

Body cream with effective remodelling active ingredients that restore firmness and strengthen the structural tissue of the treated areas (buttocks, thighs, abdomen and arms). Strengthens the support fibres (collagen and elastin) that keep the skin toned, creating an anti-gravity cosmetic effect.

ACTIONS

- Firming.
- Regenerating.
- Lipolytic.
- Decongests and promotes good circulation.
- Removes interstitial fluid retention.

ACTIVE INGREDIENTS

**ORGANIC SILICON (Methylsilanol Mannuronate):** Due to its regenerating action, it supports the skin's mechanical properties, including elasticity and firmness, maintaining an optimal cellular metabolism efficacy. Its lipolytic action also stands out for inducing the release of excess fatty acids accumulated in the adipocytes.

**HORSETAIL EXTRACT (Equisetum Arvense Extract):** Thanks to its potassium and flavonoid content, it triggers the removal of retained liquids and toxins, boosting the slimming effect.

**LINDEN EXTRACT (Tilia Platyphyllos Extract):** Emollient, healing and regenerating extract rich in flavonoids that stands out for its vasoprotective property, which is important for stimulating the overall circulation.

COMPOSITION

AQUA, EQUISETUM ARVENSE EXTRACT, METHYLSILANOL MANNURONATE, PEG-6 STEARATE, HYDROGENATED PALM/PALM KERNEL OIL PEG-6 ESTERS, ACETYLATED LANOLIN ALCOHOL, PEG-75 LANOLIN, SORBITOL, PRUNUS AMYGDALUS DULCIS OIL, TILIA PLATYPHYLLOS EXTRACT, GLYCOL STEARATE, PEG-32 STEARATE, BUTYROSPERMUM PARKII BUTTER, GELATIN, PHENOXYETHANOL, CHOLESTEROL, DISTEARDIMONIUM HECTORITE, HYALURONIC ACID, PARFUM, LINOLEIC ACID, IMIDAZOLIDINYL UREA, C10-18 TRIGLYCERIDES, ETHYLHEXYLGLYCERIN, PROPYLENE CARBONATE, LINOLENIC ACID, ARACHIDONIC ACID, TOCOPHEROL, HEXYL CINNAMAL, CITRONELLOL, GERANIOL, HYDROXYCITRONELLAL, ALPHA-ISOMETHYL IONONE, HYDROXYISOHEXYL 3-CYCLOHEXENE CARBOXALDEHYDE, LIMONENE, LINALOOL, COUMARIN.

DIRECTIONS FOR USE

**UPWARD ENCIRCLING SMOOTHING STROKESE,** energetic movements with the palm of the hands to stimulate the microcirculation, always in an upward direction to improve skin flaccidity. Use on the buttocks, thighs, abdomen, waist and arms.

"HOME CARE ROUTINE" FREQUENCY OF USE

Daily use. Morning and Night.

**IN VIVO EFFICACY STUDY: ALGISIUM C®**

Firming active ingredient that stimulates collagen production for firmer skin. Following a user test carried out over 28 days involving daily application with 5% active ingredient, the values reflect a spectacular optical improvement in the appearance of the skin in the treated areas, which was

**smoother, firmer and suppler**

PROVEN EFFICACY.

*"A firm breast contour with turgor, elasticity and more volume."*

**PERFORMME VOLUME UP MAKER**  
**BREAST REDENSIFYING CREAM**

Ref: 10326

DESCRIPTION

Body cream especially designed to firm and redensify the volume of the breast contour. Its active ingredients stimulate lipid proliferation and accumulation in fatty tissue adipocytes, causing a filling and size-enhancing cosmetic effect.

ACTIONS

- Plumping.
- Firming.
- Restructuring.
- Tightening.

ACTIVE INGREDIENTS

**VOLUFILINE™**: Stimulates adipocyte differentiation and proliferation. Boosts lipid accumulation, causing increased volume.

**OSILIFT®**: Active ingredient derived from oats. Provides a gradual tightening effect, increasing cohesion between the superficial cells and preserving the natural skin reserves for amid-to-long-term effect.

**CENTELLA ASIATICA EXTRACT (Centella Asiatica Leaf Extract)**: As well as its widely-known collagen-boosting property, it stimulates the microcirculation, helping to heal the dermis and even the tone.

COMPOSITION

AQUA, METHYLSILANOL MANNURONATE, HYDROGENATED POLYISOBUTENE, SODIUM HYDROXIDE, GLYCERIN, EQUISETUM ARVENSE EXTRACT, CETYL ALCOHOL CAPRYLIC/CAPRIC TRIGLYCERIDE, PROPYLENE GLYCOL, AVENA SATIVA KERNEL EXTRACT, DIMETHICONE, CENTELLA ASIATICA LEAF EXTRACT, GLYCERYL STEARATE, TRITICUM VULGARE GERM OIL, HYDROLYZED ELASTIN, PHENOXYETHANOL, PEG-75 STEARATE, CETETH-20, STEARETH-20, LACTIC ACID, TOCOPHERYL ACETATE, HYALURONIC ACID, XANTHAN GUM, PYRUVIC ACID, MENTHA PIPERITA OIL, ACRYLATES/C10-30 ALKYL ACRYLATE COPOLYMER, PELARGONIUM GRAVEOLENS OIL, JUNIPERUS COMMUNIS OIL, ANIBA ROSAEODORA WOOD OIL, EDTA, ETHYLHEXYLGLYCERIN, ANEMARRHENA ASPHODELOIDES ROOT EXTRACT, PROPYL GALLATE, CITRIC ACID, TOCOPHEROL.

DIRECTIONS FOR USE

**KNEADING AND ENCIRCLING SMOOTHING STROKES**, with the palms, use both hands simultaneously to perform gentle encircling movements so as not to affect the gland, always in an upward direction to improve the natural support of the breasts.

"HOME CARE ROUTINE" FREQUENCY OF USE

Daily use. Morning and Night.

**IN VIVO EFFICACY STUDY: VOLUFILINE™**

Plumping active ingredient that stimulates lipid accumulation in the fatty tissue of the breasts, causing increased volume. Following a user test carried out over 56 days involving twice-daily application in 30 women with 5% active ingredient and assessing breast turgor, the values reflect a visible increase in the size of the treated area by

**+2,2 cm. on average**

200 ml / 6.76 fl.oz.

**PERFORMME COMFORT ADDICTION**  
**BODY EMULSION. INTENSE MOISTURISING AND NOURISHING**

Ref: 10327

DESCRIPTION

Immediately absorbed soft- and silky-textured body emulsion. Acts by deeply hydrating and nourishing, reducing dry and flaky skin.

ACTIONS

- Hydrating.
- Nourishing.
- Protecting.

ACTIVE INGREDIENTS

ALOE VERA (*Aloe Barbadensis Leaf Juice*): Hydrates and protects the outermost skin layers.

VITAMIN E (*Tocopherol*): Has an antioxidant and anti-free radical action. Strengthens the connective tissue, encouraging skin regeneration and softness.

SHEA BUTTER (*Butyrospermum Parkii Butter*): Contains an extremely high percentage of essential fatty acids, providing the necessary nutrients, as well as other hydrating and protecting active ingredients.

COMPOSITION

AQUA, CAPRYLIC/CAPRIC TRIGLYCERIDE, GLYCERIN, C12-15 ALKYL BENZOATE, PROPYLENE GLYCOL, BUTYROSPERMUM PARKII BUTTER, ALOE BARBADENSIS LEAF JUICE, CETYL ALCOHOL, GLYCERYL STEARATE, PEG-75 STEARATE, CETETH-20, STEARETH-20, PROPYL GALLATE, CITRIC ACID, TOCOPHEROL, XANTHAN GUM, CARBOMER, TOCOPHERYL ACETATE, EDTA, PHENOXYETHANOL, ETHYLHEXYLGLYCERIN, SODIUM HYDROXIDE, PARFUM, ALPHA ISOMETHYL IONONE, BUTYLPHENYL METHYLPROPIONAL, CITRONELLOL, GERANIOL, HYDROXYCITRONELLAL, LINALOOL.

DIRECTIONS FOR USE

Apply the product with gentle circular and/or upward strokes, until it is completely absorbed.

“HOME CARE ROUTINE” FREQUENCY OF USE

Daily use.
