

SUMMESUN

INTELLIGENT PHOTOPROTECTION SYSTEM

TECHNICAL SPECIFICATIONS

**SUMMESUN
INTELLIGENT
PHOTOPROTECTION
SYSTEM**

Sun exposure is responsible for 80% of the signs of skin aging.

A complete range of sunscreens, essential for protecting the skin from damage caused by UVA/UVB rays. Combined with powerful anti-ageing active ingredients (DNA Protection) and substances which strengthen the skin's repair mechanisms.

face

“The boosted barrier function and a light texture without surface residues.”

75 ml / 2.5 fl.oz.

**SUMMESUN SPF50+
SUN PROTECTION CREAM SENSITIVE SKIN
NON-OILY TOUCH**

Ref: 25001

DESCRIPTION

Facial sunscreen that provides very high UV protection. Ideal for sensitive skin. Non-oily touch. Light texture.

ACTIONS

- Sunscreen
- Moisturising
- Prevents surface dehydration
- Regenerating
- Soothing

ACTIVE INGREDIENTS

SOYA PROTEINS (*Glycine Soja Protein*): They protect against dermal structure damage caused by the release of free radicals resulting from solar radiation. They block their action, preventing ageing of the skin.

SUPEROXIDE DISMUTASE (*Superoxide Dismutase*): Enzymes responsible for blocking the action of free radicals due to their powerful antioxidant property. They create a defensive shield, protecting the cells exposed to oxygen radicals, which are created during sun exposure.

HYALURONIC ACID (*Sodium Hyaluronate*): In addition to the importance of moisturising during sun exposure, it is also essential to protect against dehydration, to not drain the skin's natural reserves and leave it unprotected against external aggressions, such as UV radiation.

BISABOLOL (*Bisabolol*): A plant-derived active ingredient extracted from Camomile, its soothing and decongestive properties help to speed up the decongestion process of the skin while it is subjected to solar radiation. Furthermore, it is rich in antioxidants, which fight against photoageing of the skin.

COMPOSITION

AQUA, ETHYLHEXYL METHOXYCINNAMATE, BUTYL METHOXYDIBENZOYLMETHANE, BUTYLENE GLYCOL, GLYCERIN, CAPRYLIC/CAPRIC TRIGLYCERIDE, ALOE BARBADENSIS LEAF JUICE, OCTOCRYLENE, SODIUM HYALURONATE, CHAMOMILLA RECUTITA EXTRACT, LACTIC ACID, GLUCOSE, CITRIC ACID, BISABOLOL, GLYCINE SOJA PROTEIN, SUPEROXIDE DISMUTASE, SODIUM DEXTRAN SULFATE, CARBOMER, TOCOPHERYL ACETATE, PROPYL GALLATE, TOCOPHEROL, TETRASODIUM GLUTAMATE DIACETATE, PEG-40 HYDROGENATED CASTOR OIL, PHOSPHOLIPIDS, PROPYLENE GLYCOL, SODIUM HYDROXIDE, ETHOXYDIGLYCOL, PHENOXYETHANOL, IMIDAZOLIDINYL UREA, ETHYLHEXYLGLYCERIN, POTASSIUM SORBATE, SODIUM BENZOATE, PARFUM, BENZYL SALICYLATE, TETRAMETHYL ACETYLOCTAHYDRONAPHTHALENES, LINALOOL, ETHYLENE BRASSYLATE, CIS-3-HEXENYL SALICYLATE, TETRAHYDRO-METHYL-METHYLPROPYL-PYRAN-4-OL, VANILLIN, PHENYLETHYL ALCOHOL, ETHYL TRIMETHYLCYCLOPENTENE BUTENOL, LINALYL ACETATE, 2-T-BUTYLCYCLOHEXYL ACETATE, BETA-IONONE, METHYLENEDIOPHENYL METHYLPROPANAL, DIMETHYLBENZYL CARBINYL ACETATE.

DIRECTIONS FOR USE

Apply the product evenly and liberally to clean and dry skin, about 20-30 minutes prior to sun exposure, massaging gently until the product has been completely absorbed. Reapply every 2 hours. To stay protected, reapply the product often, especially after perspiring, swimming or drying.

“HOME CARE ROUTINE” FREQUENCY OF USE

Daily use, according to personal preference.

TIP: For daily facial sun protection, apply SUMMESUN SPF50+ SENSITIVE SKIN or SUMMESUN SPF50+ WITH MICROSPHERES each morning, over your skin cream.

PHOTOPROTECTION
SYSTEM

Sun exposure is responsible for 80% of the signs of skin aging.

A complete range of sunscreens, essential for protecting the skin from damage caused by UVA/UVB rays. Combined with powerful anti-ageing active ingredients (DNA Protection) and substances which strengthen the skin's repair mechanisms.

face

“The boosted barrier function and with a colour touch that adapts to all skin types.”

75 ml / 2.5 fl.oz.

**SUMMESUN SPF50+
SUN PROTECTION CREAM WITH PIGMENT COLOR MICROSPHERES
CC CREAM**

Ref: 25002

DESCRIPTION

Facial sunscreen with pigment color microspheres that provide a natural and uniform tanned appearance. Non-oily touch. Light texture.

ACTIONS

- Sunscreen
- Moisturising
- Prevents surface dehydration
- Regenerating
- Soothing
- Evens skin tone

ACTIVE INGREDIENTS

ALOE VERA (*Aloe Barbadensis Leaf Juice*): Its moisturising and softening properties make it able to retain water molecules and, by doing so, it refreshes and decreases excessive temperatures which accumulate during sun exposure.

CAMOMILE EXTRACT (*Chamomilla Recutita Extract*): Rich in flavonoids, this natural protective substance helps to counteract the harmful effects of UVB, boosting the soothing and decongestive action of the skin's surface layers during sun exposure.

OXIDOREDUCTASES: Enzymes which block the action of free radicals produced during sun exposure, preventing oxidation, which damages the extracellular matrix and accelerates ageing.

HYALURONIC ACID (*Sodium Hyaluronate*): In addition to moisturising during sun exposure, it is also essential to protect against dehydration, to not drain the skin's natural reserves and leave it unprotected against external aggressions, such as UV radiation.

COLOUR MICROSPHERES (*Mica*): They melt upon contact with the skin, giving a natural tone which adapts to every phototype.

COMPOSITION

AQUA, ETHYLHEXYL METHOXYCINNAMATE, BUTYL METHOXYDIBENZOYLMETHANE, OCTOCRYLENE, ALOE BARBADENSIS LEAF JUICE, CHAMOMILLA RECUTITA EXTRACT, BISABOLOL, SODIUM HYALURONATE, GLYCINE SOJA PROTEIN, OXIDO REDUCTASES, CITRIC ACID, CELLULOSE, HYDROXYPROPYL METHOXYDIBENZOYLMETHANE, IRON OXIDES, MANNITOL, MICA, BUTYLENE GLYCOL, CAPRYLIC/CAPRIC TRIGLYCERIDE, GLYCERIN, PHOSPHOLIPIDS, TITANIUM DIOXIDE, TETRASODIUM GLUTAMATE DIACETATE, CARBOMER, PEG-40 HYDROGENATED CASTOR OIL, SODIUM HYDROXIDE, PROPYL GALLATE, TOCOPHERYL ACETATE, TOCOPHEROL, PHENOXYETHANOL, ETHYLHEXYLGLYCERIN, IMIDAZOLIDINYL UREA, PARFUM.

DIRECTIONS FOR USE

Apply the product to the palm of the hand and massage gently to melt the microspheres. Apply the product evenly and liberally to clean and dry skin, about 20-30 minutes prior to sun exposure, massaging gently until the product has been completely absorbed. Reapply every 2 hours. To stay protected, reapply the product often, especially after perspiring, swimming or drying.

“HOME CARE ROUTINE” FREQUENCY OF USE

Daily use, according to personal preference.

TIP: For daily facial sun protection, apply SUMMESUN SPF50+ SENSITIVE SKIN or SUMMESUN SPF50+ WITH MICROSPHERES each morning, over your skin cream.

**SUMMESUN SPF30
TAN ACCELERATING
SUN PROTECTION MIST**

Ref: 25003

DESCRIPTION

Sun protection spray that helps to achieve an attractive tan naturally, quickly and safely. Non-oily touch. Fast Absorption. **Water Resistant.**

ACTIONS

- Tan accelerator
- Sunscreen
- Prevents surface dehydration
- Regenerating

ACTIVE INGREDIENTS

VITAMIN E (Tocopheryl Acetate): Fantastic sunscreen, not only because it protects from sun rays, but also because it has regenerating properties. It reduces cell deterioration caused by the damaging action of free radicals, preventing premature photoageing.

CARROT EXTRACT (Daucus Carota Sativa Root Extract): Powerful antioxidant plant extract with high vitamin content. Vitamin D accelerates an even and long-lasting tan. Vitamin C boosts action against free radicals. And Vitamin E promotes skin elasticity and flexibility. This cocktail of vitamins makes it a perfect epidermal repairer against external aggressions, such as heat and/or cold.

BETA-CAROTENES (PRO-VITAMIN A) (Beta-Carotene): They are nutrients which protect the skin and its pigmentation, even in the most extreme conditions.

COMPOSITION

ISOBUTENE, CYCLOPENTASILOXANE, C12-15 ALKYL BENZOATE, PROPANE, ISOHEXADECANE, ISOAMYL P-METHOXYCINNAMATE, OCTOCRYLENE, ETHYLHEXYL METHOXYCINNAMATE, TOCOPHERYL ACETATE, DICAPRYLYL ETHER, BUTYL METHOXYDIBENZOYLMETHANE, HELIANTUS ANUUS SEED OIL, DAUCUS CAROTA SATIVA ROOT EXTRACT, BETA-CAROTENE, PARFUM, BENZYL SALICYLATE, LINALOOL, CAPRYLIC/CAPRIC TRIGLYCERIDE, PROPYL GALLATE, CITRIC ACID, TOCOPHEROL, BUTANE, BHT.

DIRECTIONS FOR USE

Apply the product evenly and liberally to clean and dry skin from a distance of approximately 10-15 centimetres, about 20-30 minutes prior to sun exposure, massaging gently until the product has been completely absorbed. When using on the face or damaged skin, apply first to the hands and then spread over the skin quickly.

Reapply every 2 hours. To stay protected, reapply the product often, especially after perspiring, swimming or drying.

"HOME CARE ROUTINE" FREQUENCY OF USE

Daily use, according to personal preference.

TIP: For daily facial sun protection, apply SUMMESUN SPF50+ SENSITIVE SKIN or SUMMESUN SPF50+ WITH MICROSPHERES each morning, over your skin cream.

AND BLEMISHED SKIN. INVISIBLE FINISH.**

Ref: 25004

DESCRIPTION

Sun protection spray that helps to prevent photo-ageing (DNA Protection). Invisible spray that leaves no white residue (non-mask effect). Non-oily touch. Fast Absorption. Ideal application for sports or outdoor activities. **Water Resistant.**

ACTIONS

- Sunscreen
- Moisturising
- Prevents surface dehydration
- Regenerating
- Soothing

ACTIVE INGREDIENTS

VITAMIN E (Tocopheryl Acetate): Fantastic sunscreen, not only because it protects from sun rays, but also because it has regenerating properties. It reduces cell deterioration caused by the damaging action of free radicals, preventing premature photoageing.

ALOE VERA (Aloe Barbadensis Leaf Juice): Its moisturising and softening properties make it able to retain water molecules and, by doing so, it refreshes and decreases excessive temperatures which accumulate during sun exposure.

COCONUT OIL (Cocos Nucifera Oil): In addition to its nourishing properties, it blocks a large proportion of UVA rays, preventing cellular damage in the deepest tissues. Furthermore, it promotes an even tan.

CAMOMILE EXTRACT (Chamomille Recutita Extract): Rich in flavonoids, this natural protective substance helps to counteract the harmful effects of UVB, boosting the soothing and decongestive action of the skin's surface layers during sun exposure.

COMPOSITION

ISOBUTENE, ALCOHOL DENAT, PROPANE, OCTOCRYLENE, ISOAMYL P-METHOXYCINNAMATE, ETHYLHEXYL METHOXYCINNAMATE, DIETHYLAMINO HYDROXYBENZOYL HEXYL BENZOATE, BUTYL METHOXYDIBENZOYLMETHANE, ETHYLHEXYL SALICYLATE, CYCLOPENTASILOXANE, TOCOPHERYL ACETATE, C12-15 ALKYL BENZOATE, ALOE BARBADENSIS LEAF JUICE, CHAMOMILLE RECUTITA EXTRACT, BISABOOL, COCOS NUCIFERA OIL, CAPRYLIC/CAPRIC TRIGLYCERIDE, PROPYL GALLATE, CITRIC ACID, TOCOPHEROL, PARFUM, BENZYL SALICYLATE, LINALOOL, BUTANE.

DIRECTIONS FOR USE

Apply the product evenly and liberally to clean and dry skin from a distance of approximately 10-15 centimetres, about 20-30 minutes prior to sun exposure, massaging gently until the product has been completely absorbed. When using on the face or damaged skin, apply first to the hands and then spread over the skin quickly.

Reapply every 2 hours. To stay protected, reapply the product often, especially after perspiring, swimming or drying.

face and body

"It prolongs tattoo definition."

200 ml / 6.8 fl.oz.

**SUMMESUN SPF50+ TATOO DEFENDER
SUN PROTECTION MIST SPECIAL TATTOOED SKIN.
ANTIFADING ACTION.**

Ref: 25005

DESCRIPTION

Sun protection spray specially formulated to protect tattooed skin from damage caused by sun exposure. Its formula prevents the fading of tattoo colour, intensity and definition, keeping them in good condition for longer. **Water Resistant.**

ACTIONS

- Sunscreen
- Regenerating
- Moisturising
- Anti-fading of pigments

ACTIVE INGREDIENTS

PANTHENOL (PRO-VITAMIN B5) (Panthenol): Its healing and regenerating properties help to safely and more quickly repair tissue damaged by external aggressions. It prevents tattoo colour, intensity and definition from fading.

ARGAN OIL (Argania Spinosa Kernel Oil): Thanks to its regenerating action, it accelerates renewal and repair of tissues which are most affected by radiation. It decreases irritation problems in this damaged skin, maintains its optimal hydration levels and accelerates its regenerative processes.

RED VINE LEAVE EXTRACT (Vitis Vinifera Leaf Extract): Its antioxidant power decreases the damaging action of free radicals, preserving tissue quality and, along with it, the appearance of tattoos.

COCONUT EXTRACT (Caprylic/Capric Triglyceride): Its fatty derivative will avoid discoloration of the tattoo during solar exposures when it is seriously exposed to deterioration, since it is an aggressed area and captures a higher percentage of solar radiation.

CENTELLA ASIATICA EXTRACT (Centella Asiatica Leaf Extract): It recovers lost elasticity in the most fragile areas of skin.

COMPOSITION

ISOBUTENE, ALCOHOL DENAT, PROPANE, OCTOCRYLENE, ISOAMYL P-METHOXYCINNAMATE, ETHYLHEXYL METHOXYCINNAMATE, DIETHYLAMINO HYDROXYBENZOYL HEXYL BENZOATE, BUTYL METHOXYDIBENZOYLMETHANE, PANTHENOL, ETHYLHEXYL SALICYLATE, CYCLOPENTASILOXANE, TOCOPHERYL ACETATE, C12-15 ALKYL BENZOATE, ARGANIA SPINOSA KERNEL OIL, CENTELLA ASIATICA LEAF EXTRACT, BISABOLOL, VITIS VINIFERA LEAF EXTRACT, CAPRYLIC/CAPRIC TRIGLYCERIDE, PROPYL GALLATE, CITRIC ACID, TOCOPHEROL, PARFUM, BENZYL SALICYLATE, LINALOOL, BUTANE.

DIRECTIONS FOR USE

Apply the product evenly and liberally to clean and dry skin from a distance of approximately 10-15 centimetres, about 20-30 minutes prior to sun exposure, massaging gently until the product has been completely absorbed. When using on the face or damaged skin, apply first to the hands and then spread over the skin quickly.

Reapply every 2 hours. To stay protected, reapply the product often, especially after perspiring, swimming or drying.

"HOME CARE ROUTINE" FREQUENCY OF USE

Daily use, according to personal preference.

TIP: For daily facial sun protection, apply SUMMESUN SPF50+ SENSITIVE SKIN or SUMMESUN SPF50+ WITH MICROSOPHERES each morning, over your skin cream.

PHOTOPROTECTION
SYSTEM

Sun exposure is responsible for 80% of the signs of skin aging.

A complete range of sunscreens, essential for protecting the skin from damage caused by UVA/UVB rays. Combined with powerful anti-ageing active ingredients (DNA Protection) and substances which strengthen the skin's repair mechanisms.

face and body

“The most sensitive areas are specifically given intense and long-lasting protection.”

15 gr. / 0.5 oz.

SUMMESUN SPF50+ TARGETED SUN PROTECTION STICK FOR SENSITIVE AREAS. HIGH ALTITUDE. VERY WATER RESISTANT.

Ref: 25006

DESCRIPTION

Sunscreen stick specifically designed to cover the most sensitive areas (ears, nose, lips, upper lip, eye contour, eyebrows, wrinkles, spots, moles, freckles, scars, micropigmentation and tattoos).

ACTIONS

- Sunscreen
- Nourishing
- Moisturising

ACTIVE INGREDIENTS

VITAMIN E (Tocopheryl Acetate): Fantastic sunscreen, not only because it protects from sun rays, but also because it has regenerating properties. It reduces cell deterioration caused by the damaging action of free radicals, preventing premature photoageing.

SHEA BUTTER (Butyrospermum Parkii Butter): In addition to its excellent hydro-nourishing properties for boosting the skin's barrier function, it provides a soft natural protection factor.

CANDELILLA WAX (Candelilla Cera): Plant-derived wax, which creates a protective barrier, preventing dehydration and maintaining the cooling function, decreasing thermal sensation.

COMPOSITION

BUTYROSPERMUM PARKII BUTTER, CANDELILLA CERA, ALUMINUM STARCH OCTENYLSUCCINATE, PARAFFINUM LIQUIDUM, OCTOCRYLENE, OZOKERITE, ISOAMYL P-METHOXYCINNAMATE, ETHYLHEXYL METHOXYCINNAMATE, CAPRYLIC/CAPRIC TRIGLYCERIDE, TITANIUM DIOXIDE, POLYHYDROXYSTEARIC ACID, ALUMINIUM STEARATE, ALUMINA, LANOLIN ANHYDROUS, BUTYL METHOXYDIBENZOYLMETHANE, DIMETHICONE, PEG-40 HYDROGENATED CASTOR OIL, TOCOPHERYL ACETATE, PROPYL GALLATE, CITRIC ACID, TOCOPHEROL, PARFUM, BENZYL SALICYLATE, LINALOOL, BHT.

DIRECTIONS FOR USE

Apply the product to clean and dry skin, directly on the targeted area of protection without spreading it, about 20-30 minutes prior to sun exposure. Reapply every 2 hours.

Reapply every 2 hours. To stay protected, reapply the product often, especially after perspiring, swimming or drying.

“HOME CARE ROUTINE” FREQUENCY OF USE

**food
supplement**

“The boosted barrier function before and during sun exposure.”

45 capsules

**SUMMESUN ORAL TAN ACTIVATOR
ANTIOXIDANT ACTION**

Ref: 25008

DESCRIPTION

Food Supplement based on Polypodium leucotomos and Betacarotene, which prepare the skin for progressive sun exposure from the inner, making it more resistant to burns and irritation. Also boosts a quicker, more even, intense and longer-lasting natural tan. Formula includes L-Cysteine, Lutein and Vitamins C and E, which add an antioxidant action, protecting cells against damage from the sun's rays (UV) and slowing down premature photo-ageing of the skin. Complementary topical photo-protection treatment.

ACTIONS

- Sunscreen
- Tan accelerator
- Moisturising
- Multi-vitamin

ACTIVE INGREDIENTS

BETA-CAROTENES (PRO-VITAMIN A): Nutrients which protect the skin and its pigmentation, even in the most extreme conditions.

POLYPODIUM LEUCOTOMOS: A fern which grows in certain areas of Central and South America, which is rich in polyphenols with antioxidant action. It protects against solar radiation by activating the skin's natural defence mechanisms. Furthermore, it stops premature skin ageing by inhibiting free radicals. It also increases the skin's resistance to the aggression of solar radiation; it triples resistance to sun exposure and reduces the appearance of erythema (redness).

L-CYSTEIN: Derived from an amino acid which offers an antioxidant action, useful in preventing oxidative damage caused by free radicals.

LUTEIN: A pigment from the carotenoid family, whose antioxidant properties protect the body from the harmful effects of free radicals and prevent premature ageing.

VITAMIN C: Contributes to protecting cells from oxidative damage, and to the proper formation of collagen, for normal skin function.

VITAMIN E: A fantastic sunscreen, which not only protects from sun rays, but also has regenerating properties, preventing excesses caused by the sun.

COMPOSITION

POLYPODIUM LEUCOTOMOS E.S., L-CISTEÍNA, VITAMINA C, VITAMINA E, LUTEÍNA, BETACAROTENO, DÍOXIDO DE SILICIO y ESTEARATO DE MAGNESIO. CÁPSULA VEGETAL.

SERVING SIZE 1 CAPSULE:

Polypodium leucotomos dry ext. (10:1)	240 mg.
L-Cysteine	50 mg.
Vitamin C (DV* 50%)	40 mg.
Vitamin E (DV* 104,16%)	25 mg.
Lutein	25 mg.
Betacarotene	10 mg.

*DV: Daily Values

DIRECTIONS FOR USE

Take 1 capsule per day for a fortnight leading up to the first day of sun exposure and for each day of this sun exposure.

Take every day for prolonged periods of sun exposure, which can even include all year.

During the period of sun exposure, it is essential to combine this with a topical photoprotection.

RETAIL PRODUCT

**SUMMESUN
INTELLIGENT
PHOTOPROTECTION
SYSTEM**

Sun exposure is responsible for 80% of the signs of skin aging.

A complete range of sunscreens, essential for protecting the skin from damage caused by UVA/UVB rays. Combined with powerful anti-ageing active ingredients (DNA Protection) and substances which strengthen the skin's repair mechanisms.

face and body

"A skin with a pleasant comfortable feeling ."

200ml / 6.8 fl.oz.

**SUMMESUN AFTER SUN
INTENSIVE MOISTURISING AND REPAIR EMULSION.
INSTANT SOOTHING AND COOLING.
PREVENTS PREMATURE PHOTOAGEING.
FAST ABSORPTION. INSTANT RELIEF EMULSION.**

Ref: 25007

DESCRIPTION

Moisturising, repairing emulsion to use after a long sun exposure. It restores the skin's natural hydration balance. Soothes, providing an instant cooling, comforting sensation. Its Vitamin E content helps reduce damage from free radicals, preventing premature photoageing. Additionally, it prevents skin from peeling, which helps maintain a longer lasting suntan.

ACTIONS

- Moisturising
- Decongestive
- Regenerating

ACTIVE INGREDIENTS

VITAMIN E (Tocopheryl Acetate): Vitamin with a strong anti-free radical action, capable of preventing and improving skin photoageing caused by cellular oxidation.

ALOE VERA (Aloe Barbadensis Leaf Juice): Its refreshing action reduces excess surface temperatures, moisturising, softening and protecting the skin from dehydration after sun exposure.

ORGANIC SILICON (Methylsilanol Mannuronate): It stimulates cellular function, boosting regeneration of the skin layers which are most affected by prolonged sun exposure.

BISABOLOL (Bisabolo): A plant-derived active ingredient extracted from Camomile, its soothing and decongestive properties help to speed up the decongestion process of the skin. Furthermore, it is rich in antioxidants, which fight against photoageing of the skin.

ALLANTOIN (Allantoin): A molecule which encourages skin regeneration, boosting and accelerating the skin's natural renewal process.

COMPOSITION

AQUA, ALCOHOL DENAT, GLYCERIN, CAPRYLIC/CAPRIC TRIGLYCERIDE, DIMETHICONE, CETYL STEARYL ALCOHOL, ALOE BARBADENSIS LEAF JUICE, METHYL LACTATE, GLYCERYL STEARATE, METHYLSILANOL MANNURONATE, ALLANTOIN, BISABOLOL, PROPYL GALLATE, CITRIC ACID, TOCOPHEROL, TOCOPHERYL ACETATE, CARBOMER, XANTHAN GUM, EDTA, SODIUM HYDROXIDE, PHENOXYETHANOL, ETHYLHEXYLGLYCERIN, PARFUM, BENZYL SALICYLATE, LINALOOL.

DIRECTIONS FOR USE

Apply evenly and liberally to clean and dry skin after sun exposure. Reapply after a while if the tight feeling and/or redness does not disappear.

"HOME CARE ROUTINE" FREQUENCY OF USE

Daily use, according to personal preference.

TIP: For daily facial sun protection, apply SUMMESUN SPF50+ SENSITIVE SKIN or SUMMESUN SPF50+ WITH MICROSPHERES each morning, over your skin cream.
