

NUOVO

SHUFFLEBOARD **GAMING**

The District Eight shuffleboard table adheres to the design philosophy behind the Lusine Industrial collection, combining classic French factory industrialism with a pared down modernist aesthetic. Striking and resilient, the shuffleboard table features a pedestal base rendered from reclaimed cast iron machine parts with a top constructed from reclaimed hardwood, recycled from renovated colonial era bridges, factories and warehouses in Vietnam. The game board is laminated with North American oak and has a high durability lacquer finish.

SHUFFLEBOARD **GAMING** **HGDA617**
