The Wrecking of HMS *Sirius* 19 March 1790

With the wrecking of the First Fleet's flagship, Norfolk became home to the Nation's most important shipwreck, as well as over 500 First Fleeters.

Visiting Norfolk Island for the 230th Anniversary, you have the opportunity to 'stand in the shoes' of your ancestor and all the hardy First Fleeters who lived through this dramatic time in Australia's history. Their lives and the lives of the others who joined them to settle the Island were intriguing, rugged and detailed. Through sheer grit and determination, they survived.

Special Guest Presenter – Graham Seal

Graham Seal is an award-winning writer and author of the best-selling *Great Australian Stories* series on Australian history and folklore, including *Great Convict Stories*. He is Professor of Folklore at Curtin University in Perth, WA and is currently writing a book on the transportation of men, women and children in the British Empire from the seventeenth century.

In recent years, they've had a particular interest in collecting the stories, songs and poems of the Islanders, from the convict settlers to present day. Don sings traditional folksongs, and sea shanties which tell the maritime history of the Pacific and is part of the traditional shanty group, 'The Roaring Forties'.
