## The Blau Family

### *Paul Storm*

Left to right: Julius Blau visiting the 4711 headquarters in Cologne (Annika Blau), 4711 Eau de Cologne (Pharmacy Direct), Oscar Blau (Annika Blau)

Paul will speak about the fascinating Blau family, who emigrated to Australia from Austria-Hungary and operated a successful pharmaceutical supply business in the Sydney central business district, Arncliffe and finally East Chatswood for a long period. Julius Blau is credited with introducing 4711 Eau de Cologne products to Australia. During the First World War he and his son Oscar were interned because they were aliens and had 'suspect' business connections.

Paul Storm is a retired schoolteacher and a former President of Willoughby District Historical Society and Museum. A collector of 'many things', he is almost the only Australian practitioner of the craft of acid etched glass.
