Insert your hook into a stitch

With a long strand of black yarn, grab hold with your hook and pull through the stitch.

When you have the yarn pulled through, grab the other end and pull through your loop with your hook to secure it!

Next, it's time to add on all your limbs!

The tricky part will be attaching the fins to have it look like they're upward, to do that, you are going to want to attach the fin to the tail and the body, as seen here

Now, we are "Fin"!
