

A woman with long blonde hair and sunglasses on her head is standing on a wooden boardwalk. She is wearing a blue halter-neck bikini top and white, knee-length, crocheted shorts with a scalloped hem and a drawstring waist. She has several tattoos: a large one on her left side, a smaller one on her right thigh, and a large one on her right ankle that includes the text "all you need is love". The background shows a wooden railing and green foliage.

Furl's Crochet
Crochet Shorts Beach Cover-up

Designed by Lorene Eppolite

MATERIALS

YARN

2 (3, 3, 4, 5, 7) skeins Lindy Chain yarn by Knit Picks 70% Linen, 30% Pima Cotton fingering weight
180 yards/50 grams or 360 (440, 520, 640, 860, 1000) yards of comparable fingering weight yarn samples shown in **Honey** and **Mist**

Size K (6.5mm) Odyssey hook

Scrap yarn in black

10mm plastic snap-in eyes (optional, not recommended for small children)

Stuffing

Scissors

Tapestry needle

HOOK

H/5.0mm from the [Furls Candy Shop Collection in Strawberry](#)

GAUGE

11 rows and 15 sts = 4"

Pattern for Gauge

11 rows and 15 sts = 4"

Row 1: Fhdc 22

Row 2: Ch 2, turn, hdc in first st, *ch 3, skip 2 sts, hdc next st, repeat from * to end 7 ch sps>

Row 3: Ch 2, turn, hdc in first st, *3hdc in next ch-3, repeat from * to last ch-3 sp, hdc in last st <23>

Row 4: Ch 2, turn, hdc in each st until one st remains, 2hdc in last st <24>

Row 5: Ch 2, turn, hdc in each st until one st remains, 2hdc in last st <25>

Repeat rows 2-5 until you reach approx 6". Measure your 4" gauge in the center.

SPECIAL STITCHES

To watch tutorial videos, visit FurlsCrochet.com

Fhdc- Foundation Half Double Crochet

Chain 2 (will not count as a st). Yarn over and insert hook in 3rd chain from hook. *Yarn over and pull up loop (3 loops on hook), yarn over and pull through 1 loop creating a chain, (this is an important step but easy to forget). Yarn over again and pull through all three loops on hook. This completes the first fhdc. To stitch the next fhdc, yarn over and insert the hook into the chain made in the 2nd fhdc and repeat from *

Extend with fhdc-

Work first hdc using the base of the last hdc worked, work each remaining fhdc as usual

Linked st- used to close the gap between the short row and the long row, two below

Insert hook in the base of the last st worked, yarn over and pull loop through st (2 loops on hook), insert hook in the base of the st from the first short row, yarn over and loop through st (3 loops on hook), insert hook on the first unworked st of long row, yarn over and pull loop through st (4 loops on hook), yarn over and pull loop through first two sts on hook (3 loops remain on hook), yarn over and pull through remaining 3 loops- sts completed.

Reverse linked st- used to close the gap between long row and the next section of short row

Yarn over and insert hook in last st before raised short row section, yarn over and pull loop through st (3 loops on hook), insert hook in the base of the first st of the first short row, yarn over and pull loop through st (4 loops on hook), yarn over and pull through first 3 loops on hook (2 loops remain on hook), yarn over and pull through remaining 2 loops- st completed.

Modified Linked st- used to close the gap between the short row and the long row, one below- Insert hook in the base of the last st worked, yarn over and pull loop through st (2 loops on hook), YO and insert hook on the first unworked st of long row, yarn over and pull loop through st (4 loops on hook), yarn over and pull loop through first two sts on hook (3 loops remain on hook), yarn over and pull through remaining 3 loops- sts completed

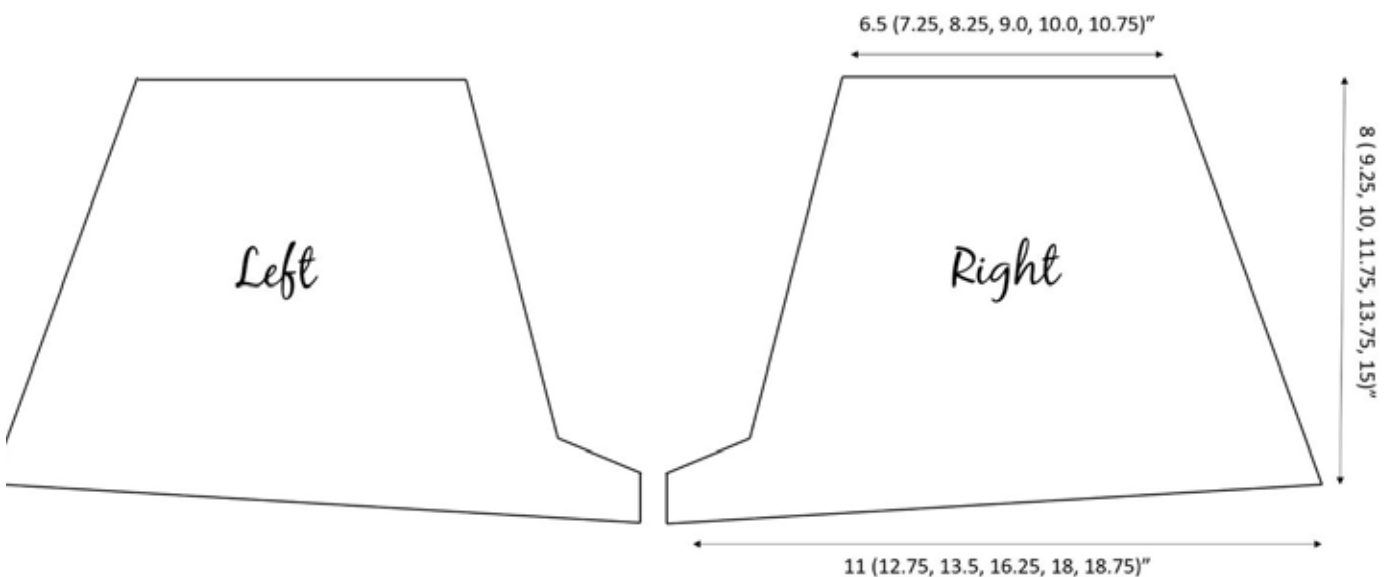

sc2tog- single crochet two together

Insert hook into first st, yarn over and pull through st (two loops on hook), insert hook into the next st, yarn over and pull through st (three loops on hook), yarn over and pull through all three loops on hook

NOTES

- Turning ch 2 and ch1 are not considered the first hdc or sc; the first st of every row will be placed in the first st of previous row (same st as turning ch)
- This pattern is created by making four individual panels (left front, right front, left back and right back). The two front panels and two back panels will be stitched together to create 2 panels (front and back). Bottom edging and top ribbing will be added on to finish.
- All four panels are worked top down.
- For ease of assembly, mark each panel as you make them. Edging of the four panels is always completed with the right side facing. To determine the right side for each panel; lay flat with the crotch (extended fhdc section) facing inwards and the beginning tail to your left.
- Panels are labeled as they will be when laid flat for assembly, not as worn.

EDGING

Front Panels

You now have two completed front panels. Lay both panels flat with right sides up- beginning tails to the upper left and the extended fhdc section (crotch) to the center.

Beginning with left front panel; attach yarn in the bottom st of the inner edge (this will be the top of the 4 (6)th extended fhdc st). Ch 1 and sc in the first st, sc in the next three (four) extended fhdc sts, continue to sc evenly* along the entire inner edge, place 3 sc in the top corner, place one sc in each st along the top, place 3 sc in the next corner, continue to sc evenly along the entire outer edge. Fasten off.

*The exact amount of sts for edging is not imperative as long as the fabric is not bunched or overly stretched, however both sides must match as evenly as possible for assembly.

To ensure that my sts are even and match for both panels, I edge as follows; place 1 sc at the end of the first row, place 2 sc at the end of the next row. This method will add 3sc for every two row ends. For neater work, try to work through the stitch and not around it (ie, under two loops).

For the right front panel; begin at the bottom st of the outer edge. Ch 1 and sc in the first st, continue to sc evenly along the entire outer edge, place 3 sc in the top corner, place one sc in each st along the top, place 3 sc in the next corner, continue to sc evenly along the entire inner edge, ending with a sc in each of the four (six) extended fhdc sts. Fasten off.

Assembly of Front Panels

With right sides facing, mattress st the inner seam*. You will need approx. 3x the length of the edge in yarn for your seam. It is recommended to weave in all the ends of the front panels now to make assembly easier.

All short row/wedges should be on the outside edge, with the exception of the crotch side short row.

* It may be helpful to use stitch markers to hold the panels in place and ensure that they sts line up properly, prior to seaming (be mindful of the way the sts on each panel line up). If you find yourself with 1-2 sts too many on one panel, you can adjust your seaming so that you use the extra st(s) two times, so that your final seaming lines up. If you have more than 2 extra sts I would recommend re-edging the panel to more closely match the other panel.

Fasten off .

EDGING

Back Panels

Follow instructions for Front Edging. You will have short row/wedges on both sides of the panels. The inside/crotch sides should match perfectly.

ASSEMBLY AND FINISHING

It will be easiest to assemble if you weave in all your ends before you begin your finishing.

BOTTOM EDGING

Turn your assembled panels with the right side facing up and the ch-3 spaces towards the top. Edge the bottom ch-3 spaces with two strands of yarn.

If your individual panel ends in an odd number of ch-3 spaces, edge as follows: Join yarn by sl st in the first sc, ch 1 and sc in the same st, 3sc in the next ch-3 sp, sc in the next ch-3 sp, *6sc in the next ch-3 sp, sc in the next ch-3 sp, repeat from * until one ch-3 sp remains, 3sc in the last ch-3 sp (before the crotch), place 2sc in the next sc, sc along the bottom of the crotch, place 2sc in the last sc of the crotch, sc in the next ch-3 sp, 3sc in the next ch-3 sp, sc in the next ch-3 sp, *6sc in the next ch-3 sp, sc in the next ch-3 sp, repeat from * until one ch-3 sp remains, 3sc in the last ch-3 sp, sc in the last sc.

If your individual panel ends in an even number of ch-3 spaces, edge as follows: Join yarn by sl st in the first sc, ch 1 and sc in the same st, 3sc in the next ch-3 sp, *sc in the next ch-3 sp, 6sc in the next ch-3 sp, repeat from * until one ch-3 sp remains, 2sc in the last ch-3 sp (before the crotch), place 2sc in the next sc, sc along the bottom of the crotch, place 2sc in the last sc of the crotch, 2sc in the next ch-3 sp, 6sc in the next ch-3 sp, *sc in the next ch-3 sp, 6sc in the next ch-3 sp, repeat from * until one ch-3 sp remains, 3sc in the last ch-3 sp, sc in the last sc.

SEAM SIDES

Place both panels with the right sides facing in and wrong sides facing out; mattress seam both side seams. Do not turn right side out.

TOP FINISHING

With wrong side facing; You are adding a few rows to the top of the shorts. The back will have 5 rows added and the front will have two rows added (this is accomplished with short rows). The purpose is to make the fit better over the back of the shorts, so that the back is not lower than the front (since your booty sticks out in the back).

Row 1: Working on the back panel; Join yarn by sl st 10 (13, 16, 19, 22, 25) sts to the RIGHT of the center seam. Ch 1 and sc in the same st, sc next 5 sts, hdc next 8 (14, 20, 26, 32, 38) sts, sc next 6 sts

Row 2: Ch 1, turn, sc next 6 sts, hdc to end of short row, modified link st, hdc next 6 sts, sc next 6 sts

Row 3: Ch 1, turn, sc next 6 sts, hdc to end of short row, link st, hdc next 6 sts, sc next 6 sts,

Row 4: Ch 1, turn, sc next 6 sts, hdc to end of short row, link st, continue to hdc all the way around, working towards and along the front panel, to the beginning of the short row, sl st into the first sc of the short row to join

Row 5: Do not turn; Ch 2 and hdc in the same st, hdc all the way around the top of the shorts, sl st into the top of the first hdc (skipping over the beg ch-2) to join. Fasten off

WAISTBAND/RIBBING

With Right Side facing, join two strands of yarn 2sts to the LEFT of the center back seam.

Row 1: Ch 7, turn, sc in the second ch from hook, sc in the next 4 chs, sc2tog over the next ch and the first unworked st along the top of the shorts, sl st in the next st <6 sc>

Row 2: Ch 1, turn, skip the sl st, sc in the blo (back loop only) of the next 2sc, ch 2, skip 2 sc, sc in the blo of the next sc, sc in both loops of the last sc <2sc, ch-2, 2sc>

Row 3: Ch 1, turn, sc in the blo of the next 2 sc, 2 sc in the ch-2, sc in the blo of the next sc, sc2tog in the blo of the next sc and both loops of the first unworked st along the top of the shorts, sl st in the next st <6 sc>

Row 4: Ch 1, turn, skip the sl st, sc in the blo of the next 5sc, sc in both loops of the last sc <6sc>

Row 5: Ch 1, turn, sc in the blo of the next 5 sc, sc2tog in the blo of the next ch and both loops of the first unworked st along the top of the shorts, sl st in the next st <6 sc>

Repeat rows 2-5 consecutively until all unworked sts along the top of the shorts are worked. Fasten off and leave tail to seam. Mattress seam waistband together and weave in all ends.

WAISTBAND CORD/BELT

Make an icord or chain belt/cord that is approx. 12" longer than your finished waist circumference or 42 (46, 50, 54, 60, 64)"

If you choose to make a chain, be sure to double or triple your yarn to make it thick enough. I make a cheater icord, using a double strand of yard.

Cheater icord-

Ch 2, insert hook in 2nd ch, YO and draw up a loop (2 loops on hook), *grasp the second loop (closest to the end of the hook) with your fingers, take that loop off the hook and hold it secure (do not let go or your cord will unravel), YO and draw a loop through the st remaining on the hook.

Place the second loop back onto the hook, YO and draw a loop through this st. Repeat from *

WAISTBAND/RIBBING

With Right Side facing, join two strands of yarn 2sts to the LEFT of the center back seam.

Row 1: Ch 7, turn, sc in the second ch from hook, sc in the next 4 chs, sc2tog over the next ch and the first unworked st along the top of the shorts, sl st in the next st <6 sc>

Row 2: Ch 1, turn, skip the sl st, sc in the blo (back loop only) of the next 2sc, ch 2, skip 2 sc, sc in the blo of the next sc, sc in both loops of the last sc <2sc, ch-2, 2sc>

Row 3: Ch 1, turn, sc in the blo of the next 2 sc, 2 sc in the ch-2, sc in the blo of the next sc, sc2tog in the blo of the next sc and both loops of the first unworked st along the top of the shorts, sl st in the next st <6 sc>

Row 4: Ch 1, turn, skip the sl st, sc in the blo of the next 5sc, sc in both loops of the last sc <6sc>

Row 5: Ch 1, turn, sc in the blo of the next 5 sc, sc2tog in the blo of the next ch and both loops of the first unworked st along the top of the shorts, sl st in the next st <6 sc>

Repeat rows 2-5 consecutively until all unworked sts along the top of the shorts are worked.

Fasten off and leave tail to seam. Mattress seam waistband together and weave in all ends.

WAISTBAND CORD/BELT

Make an icord or chain belt/cord that is approx. 12" longer than your finished waist circumference or 42 (46, 50, 54, 60, 64)"

If you choose to make a chain, be sure to double or triple your yarn to make it thick enough. I make a cheater icord, using a double strand of yard.

Cheater icord-

Ch 2, insert hook in 2nd ch, YO and draw up a loop (2 loops on hook), *grasp the second loop (closest to the end of the hook) with your fingers, take that loop off the hook and hold it secure (do not let go or your cord will unravel), YO and draw a loop through the st remaining on the hook.

Place the second loop back onto the hook, YO and draw a loop through this st. Repeat from * until desired length.

Weave the icord/chain through the holes in the waistband.

This project could benefit from blocking. Follow your yarn directions for laundering.

*Whew! You did it! Go on
and strut your stuff!*
