

KEEPING YOUR BROWNIES DELICIOUS & FRESH

HOW TO EAT AND STORE

- During shipping, your brownies may become warm. Upon receiving them, place brownies in the refrigerator for at least 15 minutes to set.

WANT TO SAVE SOME?

- Wrapped well at room temperature your brownies will stay fresh for 3 days.
- For a future indulgence, wrap well and place in the refrigerator for up to 3 weeks or place in a freezer bag to freeze for up to 4 months.
- When you are ready to enjoy, remove from the refrigerator or freezer and let come to room temperature (*although many people love our brownies cold or as a frozen treat*).
