ANNE NEILSON FINE ART

Anne Neilson Fine Art (ANFA), conveniently located in the heart of SouthPark, proudly represents more than 60 artists worldwide. Their team offers a variety of works ranging from emerging to established and world-renowned artists. The gallery itself is an exquisite 5,200 square foot light-dappled space, with a concentration on vibrant and contemporary curatorial programming.

It has been both the personal and professional mission of Anne Neilson (artist, author and gallery owner) to elevate artists while giving back to charitable organiza-

tions whose tireless efforts make an impact on the lives of those in our community. Since its inception six years ago, ANFA has donated 10% of the gallery's revenue each month to a different non-profit organization resulting in over \$500,000 donations to organizations such as The Harvest Center, The Augustine Literacy Project, Samaritan's Feet, Fashion for Compassion, and, most recently, The Arts Empowerment Project.

Be sure to stop in and experience the transformative power of art at ANFA while making life a bit brighter for those in need.
