# Our Story

LSTN changes lives through the power of music.

Co-founders Bridget Hilton and Joe Huff started LSTN in 2013 to disrupt the world of audio with a more inspiring social brand. For every LSTN product sold, proceeds are donated to Starkey Hearing Foundation to help provide hearing aids to people in need around the world.

LSTN has helped over 30,000 people receive hearing aids across the world through Starkey Hearing Foundation. Our hearing missions to date have been in Peru, Rwanda, Kenya, Uganda, Indonesia, China, Sri Lanka, Mexico, the Dominican Republic and several cities in the USA.
