</tbody>
</table>

**Connection**

1. To put your headphone in pair mode, press and hold the MFB for 2 seconds until it powers on and enters pairing mode automatically after 5s. LED indicator flashes blue and red alternately. (Headphone powers off after 5 minutes if no Bluetooth connected)
2. Activate Bluetooth on your phone (or other devices) and set it to search for new devices.
   - iPhone Settings > Bluetooth > On
   - Android Settings > Bluetooth: On > Scan for devices
   - NOTE: Menus may vary by device
3. Select “NB-6”
   - If necessary, enter four zeros (0000) for passcode and accept connection.
   - Once successfully paired, the headphone LED indicator flashes blue.

**Troubleshooting**

<table>
<thead>
<tr>
<th>Problem</th>
<th>Remedy</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. The indicator blinks blue quickly or continuously?</td>
<td>It means that the battery is low. Please charge the headphone as soon as possible!</td>
</tr>
<tr>
<td>2. Cannot boot?</td>
<td>Maybe the battery runs out. Please charge it before starting!</td>
</tr>
<tr>
<td>3. No indicator when charging?</td>
<td>There may be no charge instructions for the first few minutes. If the battery is completely exhausted or charged for the first time after not being used for a long period, but the indicator glows red to indicate the charging state after a while.</td>
</tr>
</tbody>
</table>
Battery Maintenance
Please go to a qualified repair center if you need to remove or replace the battery.
(Rechargeable batteries will last for a long time if you used it carefully.)
The charging temperature of the rechargeable battery is from 10 to 45 centigrade degree.
Please charge it at least once a month if long-time no use.
Battery usage time and standby time are related to specific using conditions. Usage time and standby time we provided are only for reference.

Product Maintenance
Please do not use non-original accessories, because it may cause performance degradation, man-made destroy, electrical short circuit and warranty invalid.
Please do not disassemble the device by yourself, because it may cause headphone damaged and make the warranty invalid.
Please do not put your Bluetooth headphone in a dusty environment. Please do not allow children under 3 years to play by themselves.
Please do not place the product in an overheated or super-cooled environment; otherwise, it may not work temporarily or permanently.
Please clean your Bluetooth headphone with clean, soft and dry cloth. Please put your Bluetooth headphone in the original package or keep it carefully when you are not use it.

4. Bluetooth headphone is without sound?
① Make sure Bluetooth headphone is switched on.
② Make sure the music sound output is the Bluetooth device (NB-6).
③ Make sure the Bluetooth headphone and the phone are paired and connected successfully.
④ Make sure the distance between Bluetooth headphone and cellphone is no more than 10 meters/ 32.8ft away.
⑤ Make sure your phone is within the range of signal and without external interference.
⑥ Make sure your phone is not connected to other devices.

5. There is no sound in the headphone when in wired connection?
① Make sure you insert correct 3.5mm audio cable and connect successfully. Note that the headphone buttons and microphones do not work when wire the headphone.
② Make sure cellphone is in normal working condition and without damage.

6. Bluetooth connection is not successful?
① Make sure both the headphone and cellphone Bluetooth devices are open.
② Make sure the headphone enters Bluetooth pairing mode (the indicator blinks blue)
③ Try to ignore the previous connected Bluetooth devices and empty the Bluetooth list. Search the device again.

Notes
1. Other Bluetooth devices will automatically save the “NB-6” information after first-time connection. If you cannot connect again, please empty “NB-6” information (remove the matched device or ignore the connected device last time), then you can search and reconnect to NB-6 again after empty its information.
2. When the headphone cannot be started, the battery should be short of charge. Please get it charged.
3. Select the right volume and mind the playing time.
4. Please do not disassemble the headphone by yourself.
5. Don’t let it squeezed by heavy objects.

Happy?
