Package

1. NB-10 Bluetooth Headphone
2. User Guide
3. USB Charging Cable
4. 3.5mm Audio Cable
5. Audio Adapter
6. Storage Bag
Connect and Pair
1. To put your headphone in pair mode, press and hold the MFB for 2 seconds until it powers on and enters pairing mode automatically after 5s. LED indicator flashes blue and red alternately. (Headphone powers off after 10 minutes if no Bluetooth connected.)

2. Activate Bluetooth on your phone (or other devices) and set it to search for new devices.
   - iPhone Settings > Bluetooth > On
   - Android Settings > Bluetooth: On > Scan for devices
   - NOTE: Menus may vary by device

3. Select “NB-10”
   - If necessary, enter four zeros (0000) for passcode or accept connection.
   - Once successfully paired, the headphone LED indicator flashes blue.

- **Two Phone Connection:** Your headphone can pair with two devices simultaneously. After connect Phone A, turn the headphone and Bluetooth on Phone A off. Then restart the headphone and pair with Phone B, and maintain the connection with Phone B. Finally, open Bluetooth on Phone A and select “NB-10” in the menu.
   - Note: The headphone can only play music on one Phone even two phones are successfully connected at the same time.

- **NFC Connection:** Open NFC function on your phone, and put phone back against the headphone. Please accept NFC pairing on your phone to get two Bluetooth connected. And Bluetooth connect with each other within 5s and LED indicator flashes blue. This function enables two devices with NFC function pair easily and quickly.

- **TWS Pairing:** Press “Volume up” button and “Volume down” button at the same time to enter into TWS paring mode, and the red indicator and blue indicator blink at the same time. Take the same action on the other headphone and the two devices will be connected. Press “Volume up” button and “Volume down” button at the same time for 3s again to close the TWS mode. This function enables two headset devices with TWS function play same Audio from one sound source. (Please kindly note: just the second connected headphone can close TWS mode).

- **Wired connection:** Use the included audio cable to connect. (Bluetooth turns off automatically, battery, buttons, microphone stop working when in AUX mode.)
Noise Cancellation
ANC Button: Press the ANC button on the right of the headphone to activate the noise cancellation and the LED indicator turns green. Press ANC button again to close the noise cancellation and indicator turns off.

Charging
1. Wired Charging: Please plug Micro USB into headphone charging port and connect the other side with USB wall charging adapter or computer. LED indicator turns red while charging, and turns blue when fully charged. (Headphone reminds you battery low every 15 minutes when the battery power is below 10%.)

Troubleshooting

<table>
<thead>
<tr>
<th>Problem</th>
<th>Remedy</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. The indicator blinks red quickly or continuously?</td>
<td>It means that the battery is low. Please charge the headphone as soon as possible!</td>
</tr>
<tr>
<td>2. Cannot boot?</td>
<td>Maybe the battery runs out. Please charge it before starting!</td>
</tr>
<tr>
<td>3. No indicator when charging?</td>
<td>There may be no charge instructions for the first few minutes if the battery is completely exhausted or charged for the first time after not being used for a long period, but the indicator glows red to indicate the charging state after a while.</td>
</tr>
<tr>
<td>4. Bluetooth headphone is without sound?</td>
<td>① Make sure Bluetooth headphone is switched on. ② Make sure the music sound output is the Bluetooth device (NB-10). ③ Make sure the Bluetooth headphone and the phone are paired and connected successfully. ④ Make sure the distance between Bluetooth headphone and cellphone is no more than 10 meters/ 32.8ft away. ⑤ Make sure your phone is within the range of signal and without external interference. ⑥ Make sure your phone is not connected to other devices.</td>
</tr>
<tr>
<td>5. There is no sound in the headphone when wired connection?</td>
<td>① Make sure you insert correct 3.5mm audio cable and connect successfully. Note that the headphone buttons and microphones do not work when wire the headphone. ② Make sure cell phone is in normal working condition and without damage.</td>
</tr>
<tr>
<td>6. Bluetooth connection is not successful?</td>
<td>① Make sure both the headphone and cell phone Bluetooth devices are open. ② Make sure the headphone enters Bluetooth pairing mode (the indicator blinks red and blue.) ③ Try to ignore the previous connected Bluetooth devices and empty the Bluetooth list. Search the device again.</td>
</tr>
