

CONNECTIVITY

The latest Pro-LC irrigation controller is a WiFi compatible device that can be accessed via an app on a phone or tablet. For access to this, you will need the Pro-LC WiFi-Ready controller and the K-Rain BRIDGE WiFi Module. You will also need access to the internet.

1. Using your smartphone/tablet, download the K-Rain PRO-LC app from the App Store or Google PLAY Store.
2. On the device you just used to download the app, make sure Bluetooth is set to on.
3. Open the PRO-LC app. First time users will need to start the Register process.
 - A. Click Register in the first page.
 - B. Type in a username, e-mail address, and choose a password. Click Register Now.
 - C. Open the e-mail account you used to register and look for the confirmation code sent to you. Fill in the blank under “Confirmation Code” on the app.
 - D. Login use the e-mail address and password created and go into Dashboard page.

CONNECTIVITY

- E. Plug in the K-Rain BRIDGE WiFi Module.
Wait for the blue light to stay lit.
- F. Click the button on the BRIDGE WiFi Module once. The blue LED will start to flash.
- G. Within the app Dashboard page, click Add new device.
- H. Click the Scan button and wait for the correct controller to show up. Click connect.
- I. Select the WiFi network the controller will reside on.
- J. Type in the correct WiFi password, click CONNECT WIFI.

Contains FCC ID: 2AC7Z-ESPWROOM32D
