R2000

Coin, Bill, Coupon and Token Counter

RETAIL, FOOD SERVICE AND GROCERY INDUSTRIES NEED USER-FRIENDLY AND COMPREHENSIVE CASH COUNTING SOLUTIONS. FASTER AND MORE ACCURATE THAN HAND COUNTING, R2000 OFFERS SIMPLE CASH RECONCILIATION AND AUDIT FUNCTIONALITY FOR COINS AND BILLS AS WELL AS GIFT VOUCHERS AND TOKENS.

The R2000 is designed for businesses that want to streamline their cash processes for tighter control, allowing more time for other tasks. It can count a cash drawer (including gift vouchers and tokens) and prepare a bank in a single operation in under one minute. Faster counts enable more audits and checks to be performed, giving managers real-time information that can be swiftly acted upon when discrepancies occur. The R2000 can also connect to a Tellermate printer for production of mini reports that can be signed for accountability, creating a complete audit trail.

Bank deposits can be prepared quickly utilizing the full roll and strap mode feature. This feature alerts the user to errors, ensuring that deposits are correct the first time, while providing an instant view of daily cash takings.

T-iˣ

The T-iˣ range of products have been designed with performance and ease of use in mind.

LARGE DISPLAY: Large, high resolution backlit display enables the use of larger text and clear icons. Screen layout is ergonomically designed for quick and easy operation.

INSTINCTIVE MENU STRUCTURE: Addition of a 'Home' key for fast, main menu access, header text and scroll bars for clear navigation.

INTUITIVE DESIGN: The large display combines with the familiar navigation keys and user software to provide an intuitive, easy to operate user interface.

SOPHISTICATED COMMUNICATIONS: A range of connectivity options are available that provide flexible and comprehensive solutions for all application needs.

INTEGRATED KEYPAD: The Ti-ˣ is also available with front of unit keypad integration for quick data entry and soft touch design key caps for reduced vulnerability to damage.

DAMAGE-RESISTANT DESIGN: Designed for durability, the unique and robust features of the T-iˣ reduce damage through impact. Liquid-resistant key mat and drainage lines minimize effects of accidental liquid spills.

FEATURES OF THE T-iˣ R2000 :
