URBAN PRESTIGE Collection

1 5/8" thick table top without apron

Experience the difference!

Features	Benefits
Our main material: solid North American birch	High quality, long-lasting, carefully selected even-grained hardwood North American birch from sustainable, biodegradable and renewable trees
8-step finishing process	5 steps more than the standard 3-step process used in the furniture industry Superior finish offering much better and longer protection – a solid investment
Toner	Wood grain unified and enhanced, with colour evened
Dinalshield catalysed varnish*	Very hard-wearing varnish added as last coat to ensure greater durability and protection from spills and stains

*The catalysed varnish takes 30 days to harden completely and be fully efficient. You should be careful and avoid scratching the surface for that period of time.

Our 8-step finishing process

Step 01
Toner application for even shade of colour

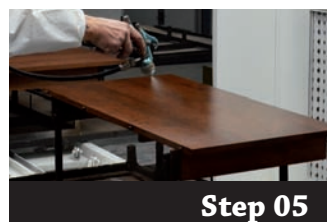

Step 02
Wood stain application

Step 03
Stained finish is hand-wiped

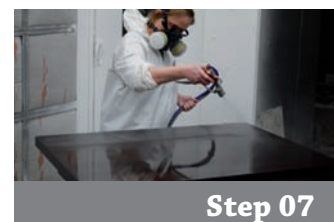

Step 04
Uniformity of colour

Step 05
Seal

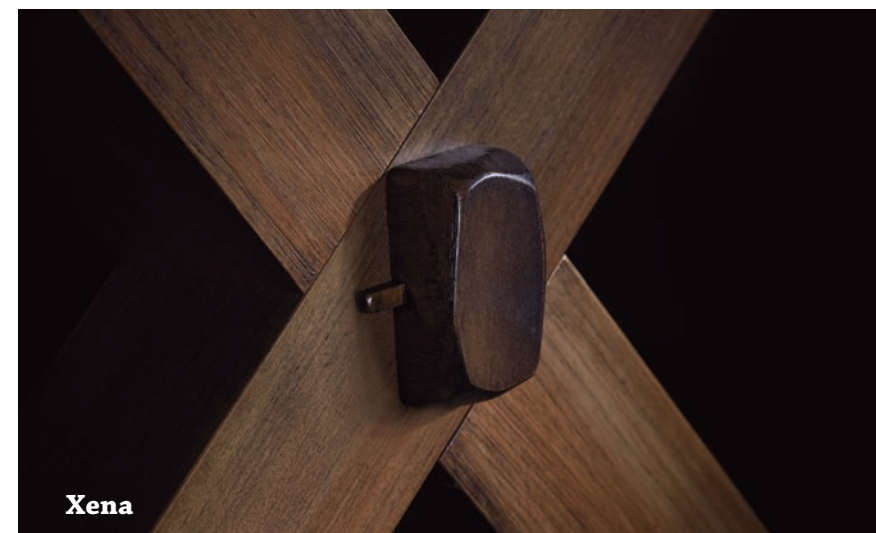

Step 06
Sanding sealer

Step 07
Dinalshield catalysed varnish

Step 08
Drying (1h30) at 104 °F

A leader of high performance in wood coating products
