Self-Retracting Key Reels

Security • Maintenance • Access Control • Identification
Medical • Law Enforcement • Tactical

SINCE 1948

www.keybak.com

A story of American ingenuity

West Coast Chain Manufacturing Co. founder W.R. Lummis invented the Original KEY-BAK® Self-Retracting Key Reel in 1948. As a switchman on the Pacific Electric Railway in Los Angeles, he saw brakemen and switchmen injured when their dangling key chains were caught on moving trains.

Lummis had an idea for a reel that would keep keys within reach at the wearer's side, safe from snagging on moving rail cars and machinery. His idea became the first KEY-BAK.

Today, more than 65 years after the first KEY-BAK was produced, millions are in use worldwide in more than 20 different professions. West Coast Chain Manufacturing Co. continues as a solid, employee-owned, American company, creating high-quality products people depend on daily.

The KEY-BAK difference

American Manufacturer

Backed by a Lifetime Service Policy

Products tested to over 1,000,000 pulls

SUPER48™

Built as tough as you for everyday use

Polycarbonate case

Tough Kevlar® cord for quiet, smooth extension

1¼" black split ring

S48K

"An excellent choice for the job. It is showing no signs of wear and looks like it should be able to last a lifetime, which removes a lot of my concerns about losing my work keys." - T.L.

Back attachments

Belt clip (can convert to belt loop)

Leather loop fits 2¼ inch duty belt

Patented ball-joint feature
locks into place while
increasing weight capacity

**Trouble deciding which one is for you?
Most popular models are highlighted in red.**

Original

The Original KEY-BAK® was invented in 1948 and is still the leader in professional, secure access control

Perfect for custodians, maintenance workers, and hotel and casino professionals

Diameter: 2"

Weight: 2½ oz.

Split-ring end attachment

"Every other brand that I've used in the last 5 years has broken within months. This American-made jewel has been an incredible performer for over 4 years and counting. Best key retractor ever!"
- C.M.

Textured chrome

5

Textured black vinyl

485B-SDK

Stainless steel chain

Kevlar® cord

Why Kevlar®?

- 5 times the strength of steel based on equal weight
- 80 lb. minimum breaking strength
- Excellent wear resistance

Back attachments

Belt clip

Belt loop fits belt up to 1 3/4"

Removable rotating clip

HUS-KEY

HUS-KEY™

Attachment carries 5 times more weight. See page 14.

Snap onto back of Original belt clip models only. Can be purchased separately.

covered.

MINI-BAK®

Keep keys, I.D. badges and small tools within reach

Diameter: 1¼"

Bulldog clip or belt clip back attachment

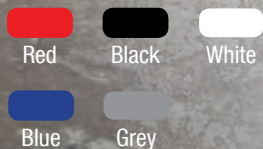

Pin and magnet back attachments available for some models

Available in 14 colors

"I'm a nurse and my ID is also my keycard for everything. I swipe 30-40 times a shift and used to go through the cheap retractors like tissue paper, to the point that I was afraid to use them. My MINI-BAK is sturdy and still working great after months of use!"

Duty-Gear

Built for law enforcement, security guards, corrections officers and hotel and casino professionals

Protective case silences keys and deters theft

Protects uniform from wear

Black vinyl face for professional appearance

"I work in a correctional facility and use my KEY-BAK to carry around 12 keys that I use to get into storage rooms, inmate rooms, etc. I learned about this product from a colleague who has used his for 7 years. His looks and works as good as my new one does."

- J. M.

PAC Item #0307-403

Custom KEY-BAKs

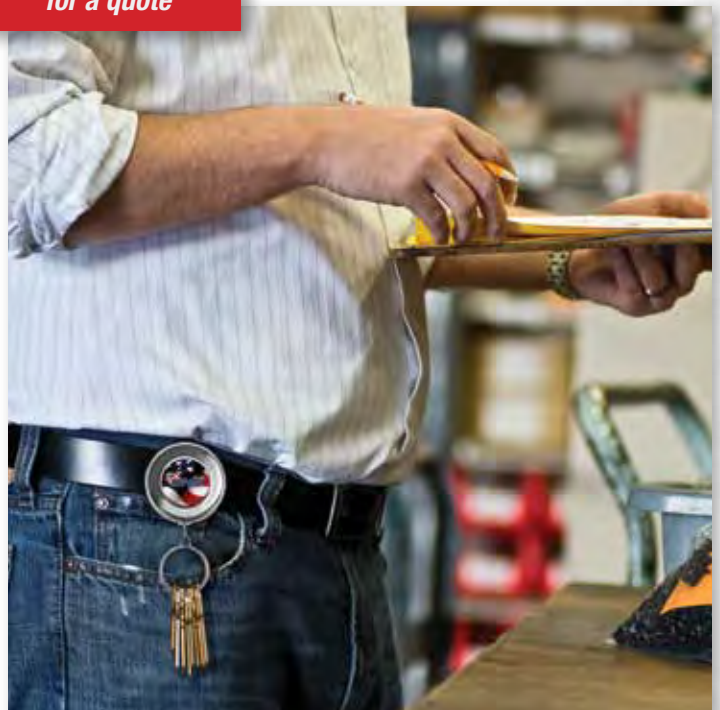

Add a custom dome with your organization's logo or slogan to most KEY-BAK key reels. Use for promotions, gifts, employee motivation or to standardize key or I.D. badge security within an organization.

- Custom orders must be at least 25 pieces of the same product.
- Vector artwork is preferred in .eps, .pdf, .tif or .jpg file formats. High resolution artwork must be at least 300 dpi.

Call 909-923-7800 or email artwork@kbips.com for more information or to place your order.

Merchandising Strip

- Display 12 hanging units
- No counter space required

LIFETIME SERVICE POLICY

Since 1948

Our "Lifetime Service Policy" means we replace it,
even decades later.

"In 1980, I became a franchised Snap-On Tool dealer in the Chicago area. The first thing my field manager gave me was a KEY-BAK key reel for my delivery truck and keys. My first thought was, "How long will this new device last?"

Well, I am no longer a Snap-On dealer, but I have used my Original KEY-BAK retractor every day since then. It's been on my belt for 34 years!

Sadly, this past week the spring has failed and I will have to retire this fine tool. I am sorry that I ever questioned the quality of your device. It truly lasted longer than I ever could have imagined." - C.N.
