GREENWAYCONTAINERS@GMAIL.COM

Dear Customer,

The products manufactured for *GreenWay Containers* are manufactured with substances that comply with the Federal Food, Drug and Cosmetic Act under the applicable sections and provisions of Title 21 CFR including parts: 176 – Indirect Food Additives: Paper and Paperboard Components, 175 – Adhesives and Components of Coatings, 178 – Adjuvants and Production Aids; 181 – Prior Sanctioned Food Ingredients for use in the manufacture of packaging materials, or are listed in the Inventory of Effective Food Contact Substance (FCS) Notifications. All materials used are suitable according to Regulations EC 1935/2004 and EU 10/2011.

The substances are generally recognized as safe in food, safe for their intended use in cosmetic packaging, and meet the compliance requirements listed in the regulations. As a result, the listed papers may be safely used as components for producing, manufacturing, packaging, processing, preparing, treating, packing, transporting, or holding foods and cosmetics. We, *GreenWay Containers*, hereby confirm that our paper tubes and jars contain no harmful, toxic materials.

SINCERELY,

CARLY OBERLIN

OWNER OF GREENWAY CONTAINERS

2625 Greensprings Drive | Klamath Falls, OR 97601 | USA

Safety Data Sheet

SDS No.: E55.190.725.001.SBP Client No.: NM55SBP Version: 1.0
Product name: Push up paper tube Revision date: July 30, 2019 Page 2 of 10

3.1. Material: Not applicable

3.2. Mixture

Ingredient	CAS No.	Wt%
Pulp	65996-61-4	98.0
Polyvinyl alcohol	9002-89-5	0.3
Water	7732-18-5	0.1

Section 4 - First Aid Measures

4.1. General advice:

Show this material safety data sheet to the doctor in attendance. After receiving the first-aid measure required, consult a physician if necessary.

4.2. Skin contact:

Unlikely to be harmful. If you worry, wash with water.

4.3. Eyes contact:

If cause physical damage, check for and remove any contact lenses, keeping eyelids open., do not rubbing eyes with hand. Seek medical attention immediately.

4.4. Inhalation:

If inhaled the gas produced by burning, move exposed person to fresh air. Keep person warm and at rest. If not breathing, if breathing is irregular or if respiratory arrest occurs, provide artificial respiration or oxygen by trained personnel. It may be dangerous to the person providing aid to give mouth-to-mouth resuscitation. Get medical attention if adverse health effects persist or are severe. If unconscious, place in recovery position and get medical attention immediately. Maintain an open airway.

4.5. Ingestion:

If the product is in the form of chip and there is a possibility of swallowing:

If swallowed: If swallowed in a large quantity, consult with the physician, though the product is low in oral toxicity.

4.6. Most important symptoms and effects, both acute and delayed:

No experiences of acute or chronic damages in humans have been made as yet.

4.7. Immediate / special treatment:

Continue with first aid measures. Treat symptomatically and supportively. Symptoms may be delayed.

Safety Data Sheet

SDS No.: E55.190.725.001.SBP Client No.: NM55SBP Version: 1.0
Product name: Push up paper tube Revision date: July 30, 2019 Page 3 of 10

Section 5 - Firefighting Measures

5.1. Hazardous characteristics:

Not dangerous products, but may burn when it in sources of ignition.

5.2. Extinguishing media:

If this product is involved in a fire:

Suitable extinguishing agent: Use dry sand, dry chemical or CO₂ foam extinguishing. Water spray can be used to cool fire exposed containers/ materials. Use extinguishing media most appropriate for the surrounding fire.

Unsuitable extinguishing agent: None.

5.3. Special hazards arising from the substance or mixture:

If this product is involved in a fire, the following can be released: Carbon oxides.

5.4. Advice for fire-fighter:

As in any fire, wear self-contained breathing apparatus (MSHA/NIOSH approved or equivalent) and full protective gear. Fight fire from a safe distance, with adequate cover. Prevent fire extinguishing water from contaminating surface water or the ground water system.

Section 6 - Accidental Release Measures

6.1. Personal precautions, protective equipment and emergency procedures:

Since the product is a solid matter, there will be usually no leakage.

6.2. Environmental precautions:

No special protection required.

6.3. Collecting, clearing method and disposal material:

Since the product is a solid matter, there will be usually no leakage.

Section 7 - Handling and Storage

7.1. Handling precautions:

The filling temperature shall not exceed 70°C or 158°F. Put on appropriate personal protective equipment

Safety Data Sheet

SDS No.: E55.190.725.001.SBP Client No.: NM55SBP Version: 1.0

(see section 8). Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Do not ingest. Avoid breathing dust, vapour or mist. Normal measures for preventive fire protection. Observe good housekeeping procedures and hygiene practices. Wash thoroughly after handling. Handling carefully to prevent damage the packaging and container.

7.2. Information about protection against explosions and fires:

Non-inflammable and non-explosive. Compliance with fire regulations, keep away from fire and high temperature.

7.3. Conditions for safe storage, including any incompatibilities:

Store in accordance with local regulations. Store in a cool, dry place. Away from acid, alkali and other corrosive media. Pay attention to fire. Recommended storage temperature: $\leq 50^{\circ}\text{C}$, relative humidity: $\leq 85\%$

7.4. Packaging materials:

Recommended-Use original container.

Section 8 - Exposure Controls/ Personal Protection

8.1. Exposure limit:

There is no known exposure limits prescribed by the state.

8.2. Engineering control:

None required. However, use of adequate ventilation is good industrial practice.

8.3. Personal protection:

Respiratory protection:

If there arises dust or powder, wear a dust protective mask.

Eye protection:

Wear safety glasses when there is a potential for eye contact.

Skin and body protection:

Work clothes.

Hands protection:

Wear protective gloves.

Remark:

Protections are not required for normal use of the products.

Other protection:

Smoking, eating and drinking water is forbidden in the workplace. After work, shower and change clothes. To maintain good health habits.

Section 9 - Physical and Chemical Properties

9.1. Information on basic physical and chemical properties

Appearance:	CMYK/Panonte/Brown round
Odor:	Odorless
Melting point / freezing point($^{\circ}\text{C}$):	No data available/Not applicable
Boiling point($^{\circ}\text{C}$):	No data available/Not applicable
Flash point(Closed cup, $^{\circ}\text{C}$):	No data available/Not applicable
Steam pressure(20°C):	No data available/Not applicable
Relative density (water=1, 20°C):	No data available/Not applicable
Partition coefficient: n-octanol/water:	No data available/Not applicable
Decomposition temperature($^{\circ}\text{C}$):	No data available/Not applicable
pH value:	No data available/Not applicable
Explosion limit:	Non-explosive
Vapor density:	No data available/Not applicable
Water soluble:	Partially soluble in water
Auto-ignition temperature:	No data available/Not applicable
Flammability (solid, gas):	Non-flammable, combustible in case of fire
Oxidizing properties:	The substance or mixture is not classified as oxidizing

9.2. Other safety information

No data available/Not applicable
