

Photofy App: Frequently Asked Questions

What is Photofy?

Photofy is a content creation tool made for iOS and Android mobile devices. Photofy allows everyone to capture your favorite moments and enhance them with artwork, stickers, frames and more, so you can show them off on the social media network of your choice. Photofy allows businesses, large and small, to manage logos, and other brand elements so they can empower their employees, consultants, etc. to create beautiful, branded content for all of their social channels.

Why should I create a Photofy account?

RE/MAX has partnered with Photofy to bring you RE/MAX branded content right from the app. To access it, though, you will need to set-up an account.

Creating an account will give you access to these great Photofy features:

- RE/MAX branded content
- Saved purchases to the user account
- Access to purchased content on phone and tablets

Who can create a Photofy account with RE/MAX branded content?

Any Broker/Owner, Agent, employee, etc. who has a valid ID and is part of an active office roster. RE/MAX is supporting Photofy for RE/MAX membership worldwide.

What if I already have a Photofy account?

That's okay! You can still create new account that has access to the RE/MAX branded content. You will go through the same new account creation steps above.

How much does it cost?

Primary Broker/Owners: \$0

RE/MAX is footing the bill for Primary Broker Owner for each office (one per office)!

Agents/Managers/etc: 90-days free then just \$4 /month thereafter.

Is there a Photofy tile in MAX/Center?

Photofy is a mobile app and you'll have to access the app through your device.

To download the app:

- Navigate to photofy.com/download, or look for it in the **Apple** or **Google Play** store
- Get downloading, but make sure you register to gain access! It's free to download to your device

I'm a Broker. Is there a Broker Portal for me to use?

Yes! Through the Photofy Broker Portal, you can create content specifically for your offices and agents. You will also be able to see what has been created and posted by your agents.

To access the Photofy Broker Portal:

For a more in-depth tutorial, visit <http://bit.ly/PhotofySupport>.

1. Navigate to portal.photofy.com/login
2. Login with **your Photofy account credentials**
3. Get access to media value data, etc.

Where can I share the content and photos I've made in the Photofy app?

You can share your photos on social media, through text, and by sending an ecard. Photofy is integrated with Instagram, Facebook, Twitter, Pinterest, and LinkedIn.

To share your photos:

1. Create your **photo** in Photofy
2. Click **Done**
3. Choose where to **share** your photo
4. Follow the **in-app prompts** to start sharing

Where can I access the photos I've made in the Photofy app?

Any project created while using Photofy can be accessed in the photo gallery on your device after selecting the blue "Done" or pink checkmark button in the top-right corner of your device (all projects are automatically saved before sharing).

If you selected to save the content as a project, your photo can be accessed under Projects:

1. Select the **menu button** in the top-left corner of the screen
2. Select **Projects**
3. You now have access to your most recently saved project

Can I take photos directly from the Photofy app?

Yes! To begin taking photos directly from the Photofy app:

1. Select the **Capture Photo** icon to begin
The Photofy camera incorporates filters, a self-timer feature, and an Instagram-sized photo frame to elevate your photo-capturing experience
2. Start snapping photos!

What are templates? (Trust us, you want to know)

Templates are *amazing*! Templates are pre-designed frames to enhance your art. All you need to do is insert your photo(s), edit the text, and share.

To access Templates, simply open Photofy and select **Templates**.

How does scheduling a post work?

The Scheduler allows you to set an in-app reminder to post your photo(s). The app will send you a push notification at the date and time of your choice that lets you review your content and share it on your social media.

Pro tip: Make sure you have notifications enabled for Photofy or you'll be missing out on your push notifications!

Is my device compatible with Photofy?

Photofy is available for most iOS and Android Devices.

We are currently supporting iOS 10 and newer and Android version 6 and newer.
