RIBBON by VOX

ABOUT THE COLLECTION

VOX prepared special collection for those who appreciate beauty and want to be surrounded with it, so for those who enjoy not only functionality, but also the beauty of objects.

Geometric shapes of furniture from the Ribbon collection will give your interior a new, lighter view. If you believe that beauty and elegance lies in simplicity and you want to refresh the look of the interior, you could not choose any better.

There is no need to decide to buy everything right away. The Ribbon collection furniture looks great solo as well. The sophisticated bookcase beautifully fits with the already decorated interior.

Ribbon diversifies a well-known salon or studio, giving them an extraordinary character. Like a work of art, it will acquire the guests' attention and have a chance to become your beloved piece of furniture. Thanks to the gaps, the Ribbon furniture gives a sense of space. The coffee table modules can be freely arranged and easily transferred. The bookcases and wall shelves display your favorite items: books, flowers and travel souvenirs.

A ready prepared elements of the collection made in a unique technology, have the form of a ribbon with mild and subtle edges. You can combine them easily by sliding one element into the other. All you need to do is to add the legs and it's ready. Independent assembly of furniture can be simple and pleasant.

TECHNICAL DATA

- Ribbon by Vox collection is made of MDF board covered PCV foil with thickness 16,8mm in colors: oak, grey and graphite. The bottom of drawer of TV unit is made of HDF board, 2,5mm thick in graphite color.
- These boards are characterised by very low emission of formaldehyde, and E1 hygiene class.
- Individual furniture modules are created from folded elements using a closing system that eliminated screws and dowels and visible connection openings.
- The advantage of the Ribbon furniture is openwork and light construction as well as simple assembly. In addition, wireless lighting was used in the coffee table.
- The furniture uses mainly Hettich fittings, which are characterised by high quality, functionality and comfort of use.
- High-quality ball guides in TV unit are manufactured by Hettich company.
- Ribbon legs are in the form of metal frame, coated black powder.
