## 2060 Single Unit Egress Window Well

## Extendable.

The 2060 is designed for use with up to 4-foot wide egress windows. One-piece construction makes this well both durable and simple to install. With the optional 12" extension, the 2060 can accommodate greater depth requirements. (maximum of two extensions per unit)

granite grey #020600190

sandstone #020600191

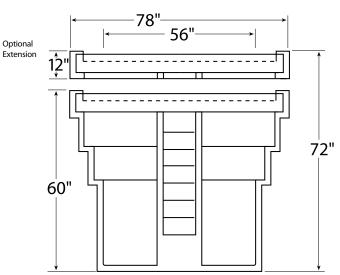

Shown with optional polycarbonate cover.

2060 Extensions (Sold separately)
