Emergency Response Shields

Handle side out

Wall side

Similar to a fire extinguisher for fire, the Emergency Response Shield provides “gunfire” protection against active shooters.

- Steel shield protects against assault rifles, handguns, and shotguns, including the M855 "Green Tip" ammunition (NIJ 0101.08 Level III+)
- Works in conjunction with DHS “Run, Hide, Fight” and ALERRT “Avoid, Deny, Defend”
- Size: 18” x 20”
- Weight: 24.5 lbs
- Easy to find, hold, hang, or carry
- Utilizes ballistic hardware
- Protects the head and vital torso area
- Limited 10 year Manufacturer's Warranty
- \$299 each

**** This should be deployed similar to a fire extinguisher, with distribution throughout public facilities for use by able-bodied individuals and first responders arriving in a crisis.****

Example Deployment – ERS Layout

30 ERS (same as number of fire extinguishers)

■ Emergency Response Shield location

ERS in a High School
