**MAMMOTH MOUNT
USER MANUAL**

FEATURES:

1. Suction cup
2. Pressure lock lever
3. Flexible neck
4. Locking ring
5. 360-degree rotatable ball joint
6. Smartphone holder
7. Adjustable locking arms
8. Release button

OPERATING THE MOUNT

- Attach the suction mount to a smooth clean surface like a dashboard or windshield.
- Push the lever at the base downward to lock it in place.
- Loosen the locking ring under the Smartphone holder by turning it counterclockwise.
- When the correct angle is set tighten the locking ring by turning it clockwise.
- Press the release button on the back of the Smartphone holder to fully open the arms.
- Insert your Smartphone, press the locking arms inward to secure it.
