

Powerful and expressive, the HU 7P, 52.4" Professional Upright delivers both touch and tone required by the most discriminating musician. Duplex scale in the treble adds richness, and the coppersteel bead on the Capo bar combined with the steel pressure bar result in clear termination and projection. Structural integrity

and consistency of tone and touch are achieved through the PAS aluminum keybed, full perimeter wet sand-cast plate, 6 backposts and multi laminate pinblock. The beautifully designed cabinet, with pull out music shelf and grand style slow- close fallboard, make this the perfect instrument for all genres of music.

HU 7P Quality—Service—Integrity

Technical Specifications
