

Blu-Link™

NFC Stereo Speaker System 225

Play the music from your Apple® or other popular mobile device anywhere, in full stereo sound with the new Blu-Link NFC Stereo Speaker System 225.

Blu-Link's volume, resonant bass and sparkling treble are powerful enough for even outdoor use. To ensure that your tunes keep cranking, Blu-Link's rechargeable lithium ion battery delivers up to 18 hours of non-stop operation.

Connecting your Blu-Link NFC Stereo Speaker System 225 is a snap. Simply tap your NFC-enabled mobile device to the top of the Blu-Link speaker to pair instantly; or use traditional Bluetooth® to connect in just seconds. Paired with your iPhone or other smartphone, the Blu-Link speaker doubles as a portable speakerphone to take calls with just the press of a button.

- **Tap to Connect with NFC**
- **Touchkey Control Panel**
- **Extended Battery Life**
- **Conference Calls**

Blu-Link™

NFC Stereo Speaker System 225

Tap to Connect

Simply tap your NFC-enabled mobile device to the Blu-Link NFC Stereo Speaker System 225 and you're connected instantly. For devices not supporting Near Field Communications such as Apple iPads® and iPhone®, the Blu-Link pairs easily with Bluetooth®.

Great Sound – Anywhere

Take your Blu-Link 225 anywhere for great stereo sound on the go. It's light and compact, yet powerful enough for outdoor use. Delivering resonant bass and sparkling treble, your Blu-Link keeps the tunes playing for up to 18 hours.

For Conference Calls

When connected to a smartphone, the Blu-Link NFC Stereo Speaker System 225 also serves as a portable speakerphone. Press the control panel Phone button to take calls. To end your call, press the button again, and your music automatically returns.
