

SMK-Link™ Electronics

PadDock 10

iPad® Stand & Stereo

VP3650

The PadDock 10 cradle holds the iPad® securely, rotating to support vertical and horizontal viewing. Charging the iPad® while docked, PadDock syncs with iTunes® and provides stereo sound amplification for movies, music and Internet applications.

- *Keeps iPad® accessible and safe*
- *Rotates for vertical and horizontal viewing*
- *Charges and syncs iPad® while docked*
- *Provides stereo sound amplification*

SMK-Link™ Electronics

PadDock 10

iPad® Stand & Stereo

Viewing

The PadDock 10 cradle rotates 360-degrees and tilts 30-degrees back and forth to provide the best viewing angle for Internet, entertainment and other applications.

Charging & Syncing

Holding the iPad® securely, PadDock 10 charges the tablet while docked using the power supply provided by Apple®. Syncing with iTunes® is user-selectable via the Charge/Sync switch on the side of the PadDock cradle.

Listening

PadDock provides room-filling stereo sound amplification via speakers with high-energy magnets and a passive radiator for extended bass - perfect for music, movies and Internet media.

*** Available with optional Bluetooth Compact Keyboard**
