

## Overview

1. Left & Right Mouse Click buttons
2. Scroll Wheel & Middle Click button
3. Resolution Selector (800, 1600, 2400 dpi)
4. Forward & Back keys for Internet applications

# Ergonomic USB Mouse

## User's Guide

## Getting Started

Getting started with your new mouse is easy. Follow the three simple steps below:

1. Plug the VP3831 into your USB port.
2. Select your mouse resolution (DPI Switch)
3. Add or subtract supplied weights for stability

### Mouse Resolution & Weighting

When using the Resolution Selector, the switch will temporarily turn color to indicate your dots-per-inch.

- 800
- 1600
- 2400

Your VP3831 has three 10g weights in its base for stability. To remove or adjust them, open the circular cap on the underside as shown.

## FCC Statement

This equipment has been tested and found to comply with the limits for a class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Re-orient or relocate the receiving antenna
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help

In order to maintain compliance with FCC regulations, use only cables and connectors supplied with this equipment. Operation with non-approved equipment or cables is likely to result in interference to radio and TV reception. The user is cautioned that changes and modifications made to the equipment without the approval of manufacturer could void the user's authority to operate this equipment.

## Thank You

Thank you for choosing the VP3831 Ergonomic Mouse. Providing Right, Left and Middle mouse click buttons, Forward and Back keys and a document Scroll Wheel, the VP3831 offers 800 to 2400 DPI mouse resolution, assignable via its on-board DPI Selector switch.
