SMK’s USB-C MagTech™ Charging Cable is a great choice for easy and safe charging of your USB-C devices. The VP7000 (Space Gray) and VP7005 (Black) offer a magnetic charging tip with a 6.5-foot detachable charging cable, providing secured connectivity with safe 87w charging-minimizing damage to your device from cable accidents. The MagTechTM eliminates the need to frequently plug and unplug your charging cable to your USB-C device-preserving the integrity of its charging port.
