

We recommend visiting one of our stores or your local jeweller to be sized. If you can't visit a jeweller, try one of the ring measuring methods below to get a better idea of your size.

Already know your size in the US/UK/AUS?
Use the chart below to find your Embella size.

Ring Method

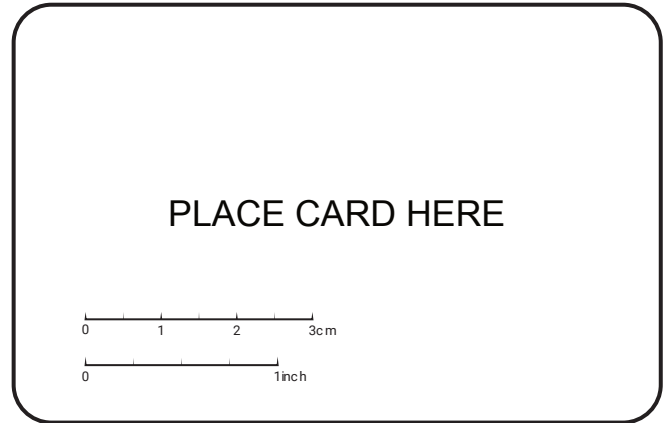

1. Find a ring that fits the intended finger.
2. Using a ruler, measure the inside diameter of the ring (in millimetres).
3. Match up your measurement to the chart below to find your Embella size, if your size falls between two measurements always size up.

RING SIZE CHART				
Embella	US/CAN	UK/AU	Diameter (mm)	Circumference (mm)
51	5 ½	K ½	16.1	50.6
52	5 ½ - 6	L	16.3	51.2
53	6 - 6 ½	M	16.7	52.5
54	6 ½ - 7	N	17.1	53.8
55	7 - 7 ½	O	17.5	55
56	7 ½	O ½	17.7	55.7
57	7 ½ - 8	P	17.9	56.3
58	8 - 8 ½	Q	18.3	57.6
59	9	R - R ½	18.8	59.2
60	9 - 9 ½	R ½	19	59.7
61	9 ½ - 10	S	19.2	60.1
62	10	T ½	19.8	62.1

Disclaimer: While we make every effort to ensure every ring true to size, each of our ring designs are unique and may vary in size slightly. If you are unsure about which size you require please contact us at enquiries@embella.com.au

Scale Method

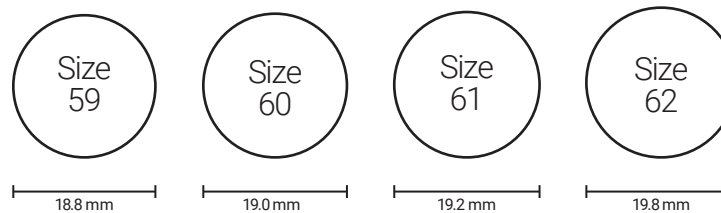

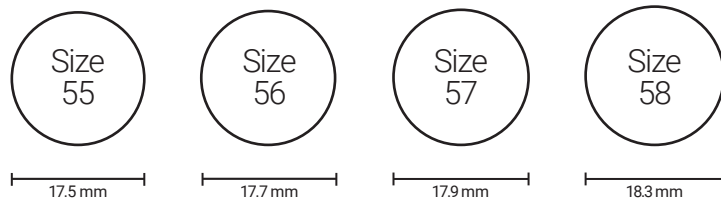

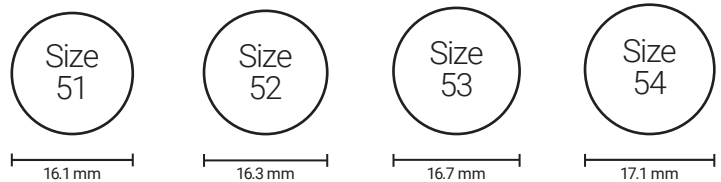

1. Prior to printing, ensure that your page scale is set to 'None' in your print dialog box.
2. Print this A4 page at 100% (Actual size).
3. Check your print accuracy by lining up your credit card to the image opposite, or using a ruler to measure the scale bar.

RING DIAMETERS

4. Once you have checked the scale above, you can place an existing ring over the circles to measure the inside diameter of your ring.

5. If your size falls between two measurements always size up.

If you are still having trouble finding your size or need some help, contact us at enquiries@embella.com.au
