

# CHESTER COLLECTION

## CHARACTERISTICS:

Inspired by the vintage leather used on hand-antiqued sofas, Chester has a lustrous two-tone finish. Imported from Europe, this chrome-free leather is both durable and versatile. It is suitable for use in high-traffic areas and on desktops.

---

Flammability Testing:	CA-117, NFPA-260

---

## COLORWAYS:

Snuff

Chestnut

Mahogany

Patina Red

Black

Forest

Antique Blue

## CHESTER COLLECTION

### CARE & CLEANING:

Semi-aniline leathers are simple to maintain. Dust regularly or vacuum with a soft bristle attachment.

Spilled liquids should be removed immediately by dabbing with a cloth (do not rub). If additional cleaning is required, apply soapy water with a damp cloth and then rinse by wiping down with clear water. Do not use commercial cleaning agents. For difficult stains, it is always best to contact a specialist as damage may occur due to improper cleaning.

For optimum performance and longevity, do not place your leather furniture within twelve inches of a heating source or in sustained direct sunlight.

#### A NOTE ON SEMI-ANILINE LEATHERS:

Semi-aniline leather is ideal for contract and residential use, as it is washable with soap and water, extra free of defects, and expertly selected for maximum yield.
