<b>EAN</b>	4026631063722	<b>Noise level (idle operation):</b>	ca. 68 - 70 dB(A)
<b>Throughput capacity:</b>	110.23 lb/h	<b>Width x Depth x Height:</b>	24.02" x 15.55" x 14.76"
<b>Power consumption:</b>	855 W	<b>Weight:</b>	102.85 lb
<b>Voltage / Frequency:</b>	110-120 V / 60 Hz		
<b>Intake width:</b>	16.34"		

### Product information

The integrated turbo-function resolves blockages by making more power available for a short time.

The device can be lifted up and transported easily via the side recessed handles.

Sturdy feet ensure the packaging machine will not slip.

### High-quality packaging material

The packaging material can be used wherever required and provides an optimum protection for objects.

### Continuous operation

Powerful drive allows continuous operation.

### Working width as required

The infinitely variable adjustment of the working width with a scale allows the production of cushioning material exactly as required.

### Intuitive controls

The intuitive operator control panel with LED indicators on a robust keypad signals the operating status of the device.

### Specially hardened solid steel cutting rollers

The induction-hardened solid steel cutting rollers are wear-resistant against cardboard staples and guarantee durability.

### Variable cushioning volume

Depending on the application, the cushioning volume of the packaging material can be adjusted as required.
