# Let's do this!

## What you'll need

### Heavy weight paper

Sheet of heavy weight paper - at least 23" long (or attach a couple of smaller sheets):  
Any color works

### Scissors

### Pencil or pen

### Glue

(something stonger than a glue stick)

### Stuff like this

(or whatever you like)

## Here wee go!

### Step 1

Cut out and glue templates, trace onto heavy paper, and cut out pieces as directed.

### Step 2

Decorate your crown to make it super special.

### Step 3

Write a wish on the inside.

Now, here's the secret to making it come true.

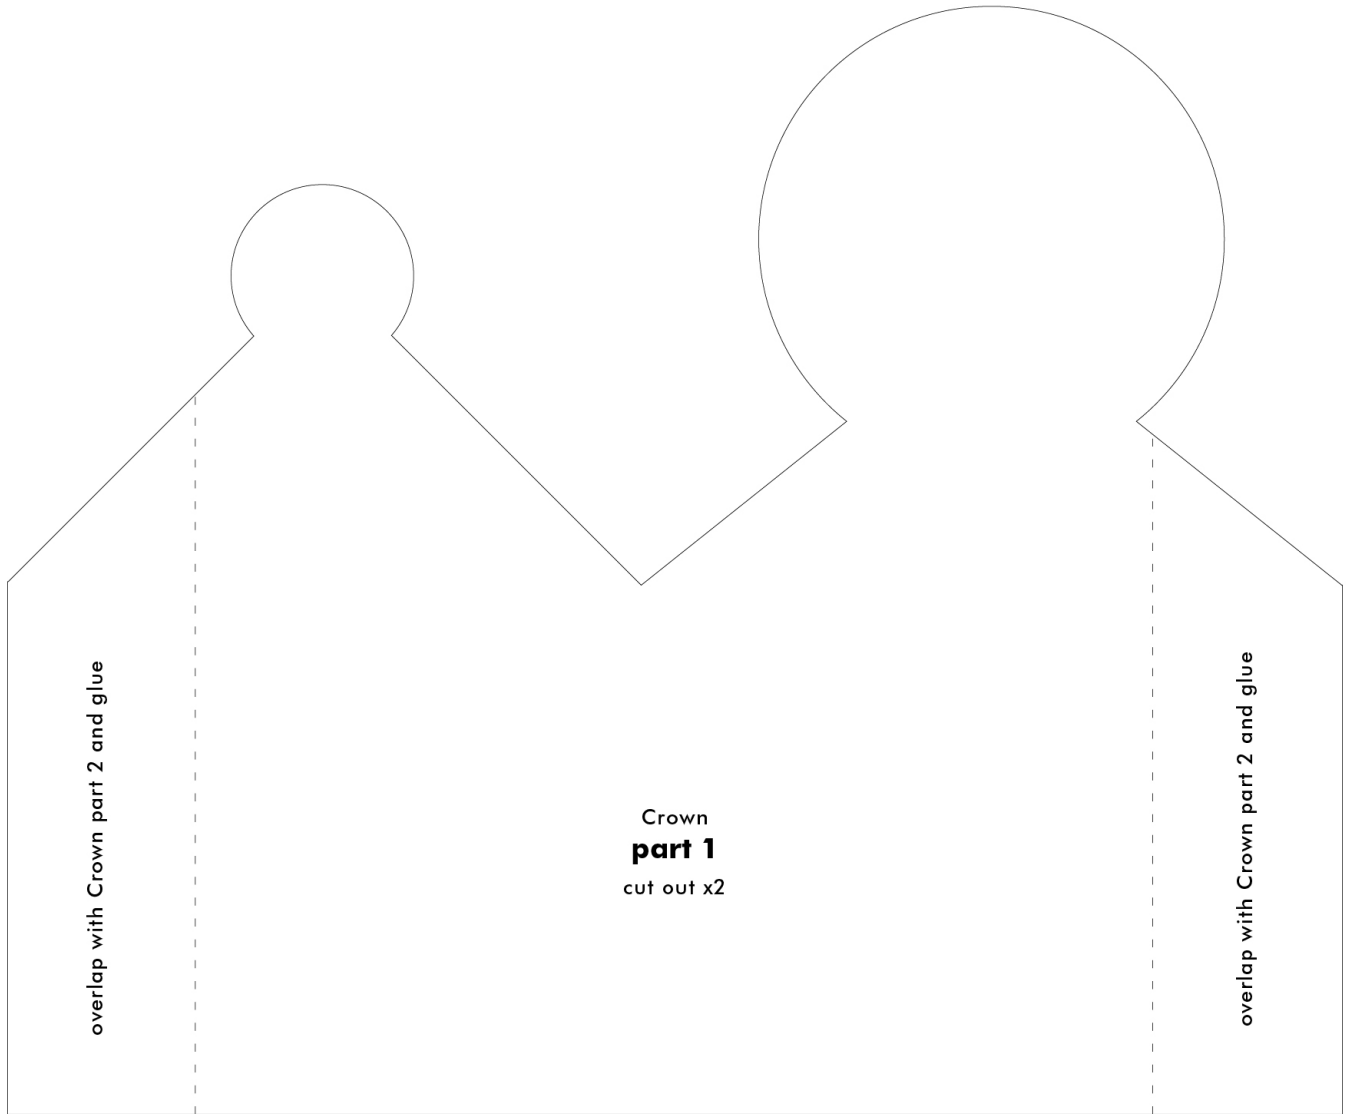

On your head you should place this crown.  
Now make a wish and spin around.  
Snap your fingers and wiggle your shoe.  
If you do it just right, your wish may come true.

### Step 4

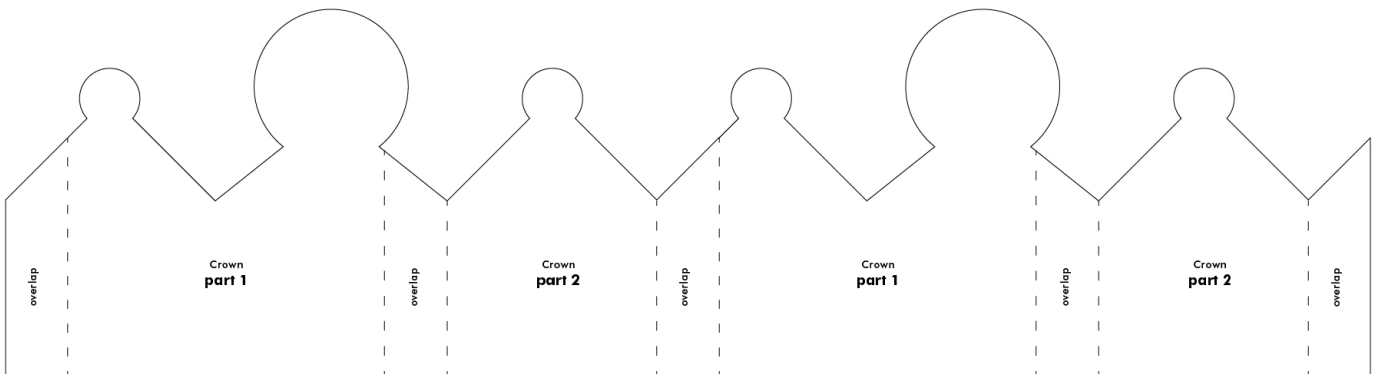

Share the love!

Take a photo of your crown and share it on [www.facebook.com/weesociety](http://www.facebook.com/weesociety). We promise to "OOH and AAH."  
Then make another for a friend!

# Crown Template Part 1

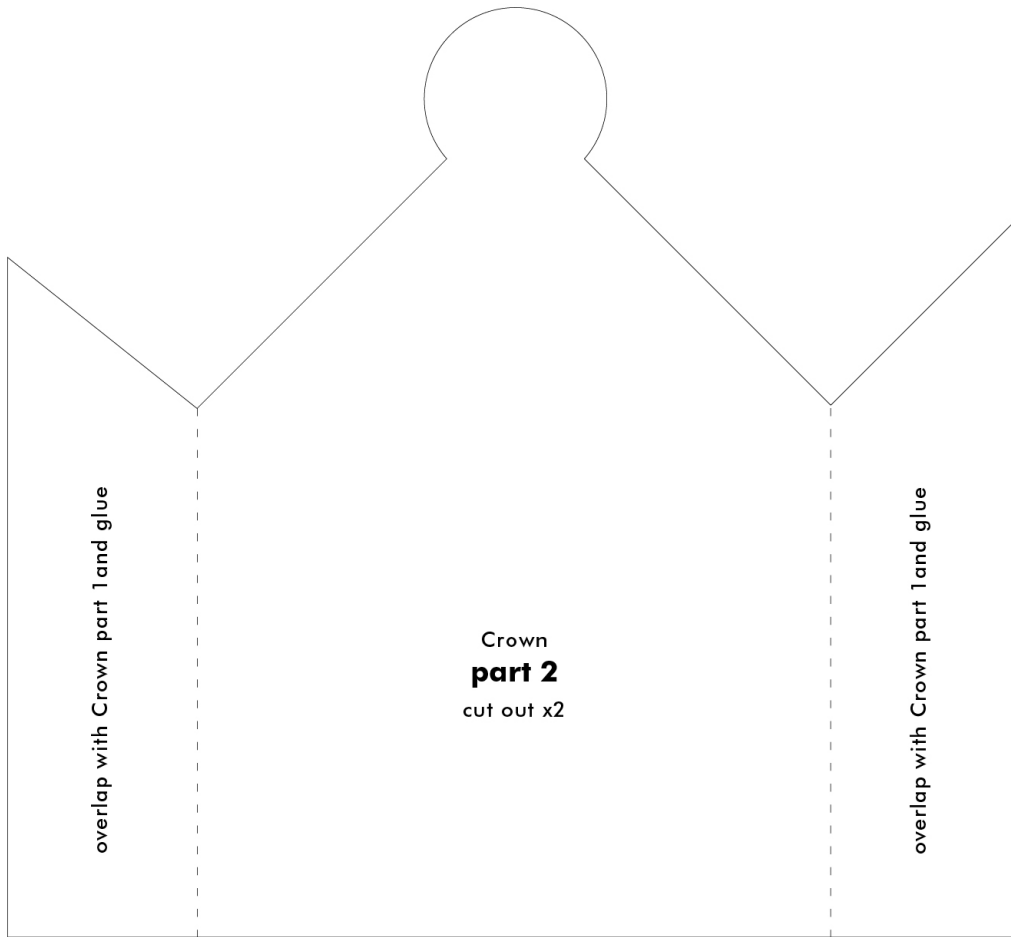

## Finished Template Example

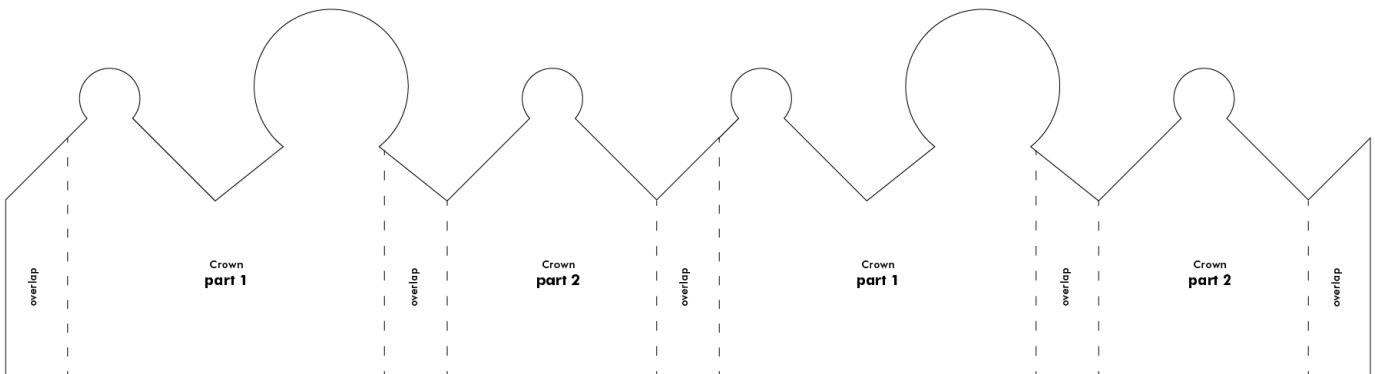

This crown measures 20.5". Customize length to fit any child's noggin.

# Crown Template Part 2

## Finished Template Example

This crown measures 20.5". Customize length to fit any child's noggin.
