HOW DOES IT WORK?

About Our Brand

The Standard Drink Company is an Australian glassware brand designed to be beautiful and empowering. To fit perfectly in any artisan space, corporate boardroom, dinner party or pool party. We are the world first in standard drink pour lines for different alcohol volumes, artistically integrated into our logo.

"80% of people misjudge a standard drink"

Pour a perfect standard drink every time. So you can truly un-wind with that glass in your hand.

In alignment with our ethos of mindful drinking and selfcare, 10% of our profits go to Lifeline and Beyond Blue.
