
Doves Flight Embroidery Designs

All embroidery designs in this set were digitized in order to embellish them with Swarovski Crystals. However, you can also embroider these designs without using crystals. The following instructions describe each procedure.

Designs Embellished with Swarovski Crystals

Supplies:

1. Hot fix Swarovski Crystals (3mm/10ss)
2. Hot fix Applicator
3. Tweezers

Procedure:

1. Place the hoop on the embroidery machine and embroider Color #1.

2. Color #2 was included to force a color change stop. In this step, remove the hoop from the machine. Remove excess of stabilizer from the fabric and press. Use Color #2 as a guide to position the crystals. You will need about 120 crystals for the complete set (10 designs). You can use same color crystals or combine different colors as you like. Feel free to add more crystals as well.
3. Using the tweezers and the hot fix applicator, apply Swarovski crystals to the design. For complete information and to find a great variety of crystals, you can visit www.crystaleyecandy.com.
