

## Information for ATWJMC0256-0267 Sparkle Ornaments Applique

### Materials:

Designs ATWJMC256 - ATWJMC263 your favorite color of Angelina film or Mylar the only difference I see between them is the Angelina Film is only 4 inches wide and various lengths where as mylar is comes in wider pieces. Angelina Film is available at [BFC-Creations.com](http://BFC-Creations.com) and [heirloomsbysharon.com](http://heirloomsbysharon.com)

Designs ATWJMC264 - ATWJMC267 your favorite color of Glitter Embroidery Vinyl I chose vinyl from [BFC-creations.com](http://BFC-creations.com). This vinyl has an adhesive on the back that melts with the use of your iron. I had my iron set between wool and cotton heat and was able to place directly on the vinyl for 10-15 seconds with out melting the vinyl. There is more information about this vinyl available on the website.

I'm sure there are other places that sell the products I used in these designs buy from the places you like.

### Notes:

Designs ATWJMC256 - ATWJMC263 I used angelina film. To choose the thread color for the placement, tackdown, cross stitch, and satin cover stitch I placed the film on the fabric and chose a thread that was close to the the color that the film appeared to be. I used scotch tape on the corners of the film to help keep it flat while stitching the trim stitch.

Designs ATWJMC264 - ATWJMC267 I used the vinyl on these designs. I chose a thread color that matched the color of the vinyl for the placement, tackdown, and the satin cover stitch. I used scotch tape on the corners of the vinyl to help keep it flat while stitching the tackdown stitch. The vinyl can stretch so after trimming the vinyl I used my iron to stick the vinyl to my fabric so it won't stretch.

### Other thoughts:

All of these designs can be done using regular fabric ATWJMC0256-ATWJMC0263 skip stitch sequence #3 the cross stitch. Designs ATWJMC264 - ATWJMC267 sew as they are.
