

INDONESIA

COUNTRY REPORT

The State of the Country

Country Risk Status

Business Environment

Partial extracts

May 2019

PREAMBLE

This **Indonesia country study** was prepared by ICDM's **Country Study Pole** with the assistance of expert poles including:

LÉPAC

The Laboratoire d'études prospectives et d'analyses cartographiques is a private, independent research centre specialising in international, geopolitical and prospective issues. Founded in 1992, **Lépac** stands out for its multidisciplinary team, its cross-cutting analyses, its data display knowhow and its mapping expertise.

TAC ECONOMICS

Founded 25 years ago, **TAC ECONOMICS** is an expert group developing diagnostic and metrics services in the economic and financial risk sectors, based on scientific models. **TAC ECONOMICS** provides analyses and expertise to major groups and international banks.

ASIA CENTRE

Based in Paris, **ASIA CENTRE** is a think tank specialising in Asian country economies.

ICDM is a partner of ADIT, a European leader in strategic intelligence.
