**PREAMBLE**

The **State of Nigeria** study was prepared by the Country Studies Division of the **ICDM** with the contribution of the following areas of expertise:

**LÉPAC**

The **Laboratoire d'études prospectives et d'analyses cartographiques** (Laboratory of prospective studies and cartographic analysis) is a private and independent research centre specialised in international, geopolitical and forward-looking issues. Founded in 1992, and based in Paris, **LÉPAC** stands out in terms of the multi-disciplinarity of its team, the transversal nature of its analyses, its data visualisation know-how and its map expertise.

**TAC ECONOMICS**

Founded 25 years ago, **TAC ECONOMICS** is a group of experts which makes diagnoses and metrics based on scientific models in the field of economic and financial risks. TAC ECONOMICS provides analysis and expertise for large groups and major international banks.

ICDM is a partner of ADIT, Europe's largest strategic intelligence group.
