DATE: 2020-5-7

4.1 Following eye contact:

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call consult a doctor if feeling uncomfortable.

4.2 Following skin contact:

Can contact skin, if there is discomfort, wash with water, seek medical attention.

4.3 Following inhalation:

Move victim into fresh air. If breathing is difficult, give oxygen. If not breathing, give artificial respiration and consult a physician immediately.

4.4 Following ingestion:

If it is ingested, rinse the mouth with water. Immediately call consult a doctor if feeling uncomfortable.

SECTION 5. Firefighting measures

5.1 Special hazards arising from the substance or mixture:

It is flammable. Its vapor can form explosive mixture with air. Exposure to open flames and high heat can cause combustion and explosion.

In a fire scene, heated containers are at risk of explosion.

Vapor is heavier than air, spreads along the ground and tends to accumulate in low-lying places. It will ignite when it comes to fire.

5.2 Extinguishing Media:

Dry powder, Chemical foam, Carbon dioxide, water mist.

5.3 Advice for firefighters:

As in any fire, wear self-contained breathing apparatus(MSHA/NIOSH approved or equivalent)and full protective gear.

Extinguish fire in a safe distance with enough protection

Prevent fire extinguishing water from contaminating surface water or the ground water system.

5.4 Hazardous combustion products:

Carbon dioxide.

SECTION 6. Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures:

Avoid contact with your eyes.

Ensure adequate ventilation. Clear all fire sources.

Evacuate personnel to safe areas. Keep people away from upwind of spill/leak.

Wear appropriate protective measures (SEE SECTION 8).

6.2 Environmental precautions:

This product has no hazard to the environment. Don't discard in the surrounding environment without government permission.

6.3 Cleaning method:

Remove by liquid absorbing material (e.g. kieselguhr) . Adhered or collected material should be promptly disposed of. Disposal of discarded waste/pollutants refers to SECTION 13.

SECTION 7. Safe handling and storage

7.1 Handling Notes:

Confined operation.

Avoid sun exposure.

Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking

Use explosion-proof ventilation systems and equipment.

Prevent vapors from leaking into the workplace air.

Handle lightly when handling to prevent damage to packaging and containers.

Avoid contact with oxidants, acids, alkali metals and amines.

Equipped with the corresponding variety and quantity of fire fighting equipment and leakage emergency treatment equipment.

7.2 Storage Notes:

Store in a cool, ventilated warehouse.

Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking

It should be stored separately from oxidants, acids, alkali metals, amines and so on.

Use explosion-proof lighting and ventilation facilities.

Material Safety Data Sheet

Report No.: RT202005070001181

DATE: 2020-5-7

Prohibit the use of spark-prone machinery and equipment.

The storage area should be equipped with emergency response equipment and suitable containment materials.

Stored in compatible containers.

Keep storage containers sealed.

Do not store with incompatible material (see section 10.2)

SECTION 8. Exposure controls / personal protection

8.1 Occupational Exposure Limit:

No information found

8.2 Engineering Control:

Provide adequate ventilation. Where reasonably practicable, this should be achieved by the use of local exhaust ventilation and good general extraction. If these are not sufficient to maintain concentrations of particulates and solvent vapour below the OEL, suitable respiratory protection must be worn.

Ensure that eyewash stations and safety showers are proximal to the work-station location.

8.3 Respiratory Protection:

No special protection is required under normal conditions.

Wear a filter mask when necessary.

8.4 Eyes Protection:

No special protection is required under normal conditions.

Wear protective glasses when necessary.

8.5 Hands Protection:

No special protection is required under normal conditions.

Wear protective gloves when necessary.

8.6 Sanitary Measure:

Forbid smoking, eating and drinking in working places. Washing hands after handling products.
