DRAIN AWAY

Drain and Sewer Opener and
Maintainer. Thick Formula
Sinks to Blockage

- FAST-ACTING
- ODORLESS
- CONCENTRATED
- NSF REGISTERED

KEEP OUT OF REACH OF CHILDREN

NET CONTENTS: One Gallon (128 fl. oz.)

DESCRIPTION

This fast-acting, odorless liquid drain and sewer opener is convenient to handle and ready to use. It opens drains and sewers by dissolving and liquefying fats and oils, lint, hair, paper, food, and other organic matter. Because it is heavier than water, it sinks below the water level to the point of obstruction and immediately starts to penetrate and dissolve the blockage.

DIRECTIONS

FOR SEWER MAINS: Pour 2-4 gallons into manhole or drain upstream and as close to the obstruction as possible. For best results, use regularly to keep sewer main open and free flowing.

FOR LATERALS: Pour 1 gallon into drain upstream and as close to the obstruction as possible.

FOR DRAINS: Pour 1/2-1 quart slowly into the drain. Allow to work for 30 minutes. For difficult obstructions, a second application may be necessary.

Where there is a history of obstructions, the regular use of this product at weekly intervals (or more often if required) will keep the line open and free flowing.

DISPOSAL

Dispose of contents/container to comply with local/regional/national/international regulations.

Please Recycle.
