

Slickster

Product # 300

Lubricates, penetrates & demoisurizes

This premium lubricating oil penetrates threads, cracks and joints to lubricate metal surfaces and loosen rusted parts. It not only displaces moisture, but it also seals the surface to protect against future rust and corrosion. Its light blend of oils and inhibitors is an ideal tool for mechanics, machinists, toolmakers, pipe fitters, plumbers and other maintenance professionals.

Use On:

- Pipes and plumbing
- Machinery
- Tools and Equipment

Effective Against:

- Prevents rust and corrosion
- Penetrates frozen threads

Features and Benefits

- Protects against corrosion to extend the working life of machinery.
- Displaces and seals out moisture.
- Saves on production, maintenance and repair time.
