

# TOP SHELF MULTI PURPOSE CITRUS DEGREASER

## Product Description:

A highly concentrated Butyl based cleaner/degreaser that utilizes the most advanced blend technology. This product out performs a multitude of traditional cleaner in its ability to deep clean and degrease any surface in one step. The product of choice when quick and safe cleaning is required on industrial equipment, machinery, garage floors and walls, automotive parts and engines, truck lines and car washes, food plants and factories or any other places where grease, dirt and soil is a problem.

## Features:

Highly concentrated butyl based cleaner and degreaser. Quickly dissolves heavy grease, tar, oil and other petroleum based products. All raw materials used for production undergo a thorough quality control process before being used for manufacturing high quality products.

## Specifications:

Color:	Blue
Odor:	Citrus
pH:	12.5
Physical State:	Liquid

## Available In:

05 Gallon Pails	Item# 98PAM05
4X1 Gallon Bottles	Item# 98PAM0G
30 Gallon Pails	Item# 98PAM30
55 Gallon Pails	Item# 98PAM55

## Directions:

**GRILLS:** Pour undiluted product onto hot grill, let sit until bubbling starts, scrape it off, then wipe grill down with wet clean towel. Let grill cool down before reuse. Rinse with potable water.

**OVENS:** Using undiluted product, spray onto hot surface until grease runs down. Let oven cool down to 200F. Rinse with potable water and wipe before using oven.

**Hoods:** Dilute 4-8 ounces of Amaze per gallon of water, wash all surfaces and rinse. Repeat process if necessary.

**FLOORS:** For everyday cleaning of floors, use 1-2 ounces of Amaze per gallon of water.

**WALLS & TABLE TOPS:** For daily spot cleaning, dilute 4 ounces of Amaze per gallon of water and use in a spray bottle. For any other surface, dilute 4-8 ounces of Amaze per gallon of water.

**PRESSURE WASHERS OR STEAM CLEANING:** Use a dilution of 1 part Amaze to 10-200 parts water, depending on the severity of soiling.

## First Aid:

In case of contact, flush eyes or skin with water. If irritation persists, get medical attention.

## Storage:

Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials and food and drink. Use appropriate containment to avoid environmental contamination. Keep container tightly closed and sealed until ready to use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabeled containers. Use appropriate containment to avoid environmental contamination.
