

CITRA SWAT

PROVIDES QUICK KILING ACTION &
RESIDUAL CONTROL

KILL BUGS YOU SEE & EVEN THE ONES
YOU DONT SEE

PROTECTS FOR UP TO 3 MONTHS

DIRECTIONS

Spray from 8" to 12" directly on ants, roaches, palmettos, fl eas, silverfi sh, and other insect pests. Saturate area until visibly wet. Use stream setting on roaches, and for penetrating cracks and crevices. Spray in kitchens, pantries, and under cabinets and appliances – anywhere insects hide. Wait three minutes, then wipe excess with damp sponge or cloth. Apply to pet bedding to control fl eas. Keeps repelling for weeks.

OUTDOOR USES

Spray perimeter of home generously to make a barrier of protection. Spray doorways, window frames, cracks – anywhere an insect can enter. Saturate until visibly wet. Saturate areas of trails or nests. Spray garbage cans, manure piles or any infested areas until visibly wet.
