REORDER FROM:
GOLDSTAR PRODUCTS, INC.
P.O. Box 291630
Davie, FL 33329
1-800-239-5699

DESCRIPTION

Using the power of hydrogen peroxide is the latest generation in cleaning. There are many "oxygen-based" cleaners on the market these days, but CONCRETE KLEAN is different. Specifically formulated at a higher pH than other cleaners. Hydrogen peroxide is more active at a higher pH, which means better cleaning and stain removing properties than the other market brands. This higher pH also allows the surfactants to work better.

USE IT ON MANY SURFACES INCLUDING:

Glass	Carpets	Fabrics
Furniture	Upholstery	Stainless Steel
Plastic	Metal	Clothing
Countertops	Sinks	Floors
Appliances	Tile & Grout	Walls

REMOVES SOILS SUCH AS:

Coffee	Red Wine	Tea	Juice
Kool-Aid	Grass Stains	Ink	Blood
Grease	Pet Stains	Soda & More...	

DIRECTIONS

LIGHT DUTY: Dilute 1 ounce per gallon of water to clean such surfaces as glass, mirrors, stainless steel, and countertops. Use this dilution for use through autoscrubbers.

MEDIUM DUTY: Dilute 3 ounces per gallon of water for cleaning more difficult soils such as mold and mildew stains, greases and oils. Use this dilution for mopping greasy and dirty kitchen and bathroom floors. May also be used for odor elimination in bathrooms and in garbage areas.

HEAVY DUTY: Dilute 10 ounces per gallon of water for stubborn stains, shop floors and bathroom surface renovation. May be used undiluted for extremely greasy areas and very difficult stains on hard surfaces.

CAUTION:

May be harmful if swallowed. May be irritation to eyes and skin. Do not take internally. Avoid contact with eyes and prolonged contact with skin.

FIRST AID:

If In Eyes: Flush eyes and under eyelids with plenty of cool water for at least 15 minutes. If irritation persists, obtain medical assistance.

If Swallowed: Do not induce vomiting. Give 1-2 glasses of water to dilute. Obtain medical assistance. Never give anything by mouth to an unconscious person.

If On Skin: Flush skin with water. Remove contaminated clothing, and continue flushing. If irritation persists, obtain medical assistance.

If Inhaled: Remove person to fresh air.

See M.S.D.S. for complete safety information.

KEEP OUT OF REACH OF CHILDREN

HANDLING AND STORAGE: Keep container tightly closed when not in use. Do not store in unmarked containers. Store container in cool, dry place. Store away from alkaline products, metals, salts, organics, and reducing agents.
