

# D'TAR 1000

*Use nature's power to clean and degrease*

A safer alternative to hazardous petroleum-based degreasers or harsh alkaline cleaners. Combines a variety of natural and biodegradable detergents and emulsifiers made from oranges and soybeans — in perfect balance to produce a “green” cleaner that dissolves the heaviest grease deposits. Use it to remove gum, wax, oil, tar, dirt, adhesives as well as grease and grime. It even cleans concrete and masonry, machinery and equipment, motors and other metal parts. Utilizes an emulsifiable formula that penetrates deposits fast, allowing you to rinse the dirt and residue away with water.
