Long Lasting Treatment

Industrial
Strength
Coating

Safely Treats:

- Concrete
- Tile
- Terrazzo
- Ceramic Tubs &
Showers

Product: BRUSH ON GRIT
SLIP RESISTANT COATING

Color: Clear, Yellow Liquid

Uses: BRUSH ON GRIT safely protects hard mineral surfaces from slip & fall accidents. BRUSH ON GRIT is easy to apply and lasts for up to 1 year before treatment is required again. BRUSH ON GRIT does not change the look of surfaces.

Directions: Clean surface using heavy duty cleaner. Apply BRUSH ON GRIT to surface full strength. Brush with stiff bristle brush vigorously for 5 minutes. Rinse with water. Check for level of grit using foot. If more grit is desired, repeat. 1 gallon covers 500 sq. ft.
