Clients DOB:		Address:	
Contact Telephone:			
Parent/Caregiver:			
Application Reference:		Therapist Telephone:	
Date:		Therapist Mobile:	
NDIS/Funding:		Therapist Email:	
Notes:			

- Poz'In'Form® elements and modules are entirely removable and washable. They are delivered with a Pharmatex or Lenzing FR® cover.
- The Pharmatex bi-elastic cover is made of polyurethane and is recommended for use in healthcare facilities. Pharmatex is soft to the touch and very comfortable next to the skin, while still easy to clean.
- The Lenzing FR® cover is made of viscose, coated with a waterproof polyurethane film. Lenzing FR® is a major innovation in positioning of the long-term bedridden, preventing maceration. Hygroscopic properties of viscose allow moisture absorption which is particularly important for people with thermoregulation issues. Moreover elasticity and flexibility of Lenzing FR® are particularly suitable for problems regularly observed in classical positioning.
- Lenzing spare covers can be purchased to cover Pharmatex pillows for a more absorbent feel.

Poz'In'Form Delta

With Pharmatex Cover	With Lenzing FR® Cover	
32cm wide x 56cm long x 28cm high 7009-0551-269	32cm wide x 56cm long x 28cm high 7009-0551-279
