

BELLAVITA Bathlift

This ultra modern bathlift takes the Bellvita away from an austere and clinical look and is more in keeping with today's requirements. Developed with the help of Nursing Professionals, it includes several excellent new features.

BELLAVITA Bathlift

Reaches a record seat height of 48cm. The lightest bathlift on the market at only 9.3kg. Backrest reclines to a market leading 50°. At 6cm the Bellavita is the lowest bathlift available.

Product Features

- At the touch of a button, gently lowers users with restricted mobility down to bottom of bath for bathing and relaxation then raises them to top again for safely getting out
- Backrest reclines to a market leading 50° to suit users requiring greater hip-to-back sitting angle e.g. due to stiff hips
- Front cut-out in seat improves access for personal hygiene.
- Can be used with or without covers; washable hygienic covers are easily fitted/removed and provide extra comfort when bathing (available in white or blue)
- Very low seat travel of 6cm (2.4") from bottom of bath allows improved water immersion, ideal for shallow baths
- Record seat height of 48cm (18.9") enables safe, level transfers in deeper baths
- Weighs only 9.3kg (20.5lb) in total for easier moving and handling
- Separates easily and quickly into 2 lightweight sections for ease of fitting/removal, storage and transportation
- Contoured, slim-line profile further facilitates handling and gives a modern, aesthetically pleasing appearance to suit most bathrooms
- 4 quick-release suction feet allow struggle-free removal from bath
- Lightweight, fully waterproof and floatable hand control with light-touch buttons is easily operated
- Hand control incorporates lithium battery technology which is quick to recharge for convenience and multiple-use environments
- Indicator lights signal when charging is required and built-in safety feature prevents bath lift from lowering without sufficient charge to return it to top of bath
- Emergency stop button incorporated into hand control provides optimal safety
- Simple, user-friendly jack plug connection to charger for ease of use
- Manufactured from high-quality, lightweight plastic that is easily cleaned and recycled
- Weight capacity - 22st (140kg)
