BACtrack® Keychain Breathalyzer

Easily Estimate Your Alcohol Level in Seconds

Perfect for testing anywhere and anytime, bring the BACtrack Keychain Breathalyzer along with you to get a quick Blood Alcohol Content (BAC) result. Simply blow into the device and your estimated BAC results are displayed in seconds - it's that easy!

Key Features

• Provides highly accurate BAC (blood alcohol content) results with police-grade Xtend® Fuel Cell Sensor Technology.
• Offers ZeroLine® technology, which provides an estimate of when your BAC will return to 0.00%, empowering you to make smarter decisions when drinking.
• Optionally connects to your smartphone via Bluetooth® for use with the BACtrack companion app; take advantage of additional app-enabled functionality.
• One button operation - simply turn the device on and begin testing in seconds.
• Compact keychain design makes it easy to take along wherever you go.

Perfect For

• Estimating Your Blood Alcohol Level
• Staying Safe and Consuming Alcohol Responsibly
• Testing Friends and Family
