

LICELOGIC PROFESSIONAL WHOLESALE TREATMENT PROGRAM

Independent research, lice removal experts, and over ½ million satisfied mothers and counting, all verify that LiceLogic is highly effective at destroying lice and nits in all stages of development.

"LiceLogic Clear & Free Shampoo has been used in our salon as a staple product for Lice Removal Treatment since day one. It is safe, gentle and effective. Our clients love the great minty refreshing scent." Lice Salon Professional, CT.

"I only use LiceLogic for treating the thousands of clients we have successfully treated to date. I would not use any other product. We have used it for babies, toddlers, elderly, and everyone in between. Safe, non-toxic, pesticide free, and EFFECTIVE!" Registered Nurse, ME.

WHAT OUR CUSTOMERS ARE SAYING ABOUT LICELOGIC

LiceLogic Elimination Products

"Those little buggers could be heard jumping ship as soon as the shampoo was applied. This was the first product that actually worked - we had an earlier middle school bugfest and I used RID - which just dried out my daughter's hair - this product has a very pleasant fragrance and it also left her hair shiny and clean looking - very happy with the results :) - and if, ugh, those things come back... we will certainly be using this again."

"My granddaughter had head lice along with her classmates which she also passed to me. LiceLogic Clear & Free removed the live lice and the LiceLogic Repel products have kept her lice free. On the one day I was ill and did not use the Lice Logic Lice Repel Spray on her hair before school she came home from school with live lice. I now make sure she uses the LiceLogic Repel daily."

"This product was amazing! The chemical lice shampoo made my family sick and was not effective. When I found this product, I was hopeful. It turned out to be highly effective, free of chemicals and can be used daily with no side effects. It is very soothing to the scalp as well. Just make sure that you have a quality nit brush to comb through the hair as well. We started off with some poor-quality nit brushes and it made the process of getting rid of lice take longer."

LiceLogic Prevention Products

"Lice has been a big problem for my daughter since she has been in school. She has it at least one time a year and she's always getting it from some other kid. Whether it be using their brush or her coat being too close to theirs. We as parents can only do so much but sometimes it's just not enough. I've read up on ways to keep lice at bay. I'm pleased to know that there is a brand out there on the market that helps prevent lice. The ingredients play a major part. The product smells great and I hope and pray it does what it's meant to starting a few weeks from now when my daughter starts school back up. If this product convinces me that it truly works this coming school year, I will be making it a point to purchase more."

"My daughter loves this product. It smells great and can be used to prevent lice as well as KILL NITs, which is a huge technological breakthrough."

"Second bottle, had the lavender first. This smells fine as well. Not a huge difference in my opinion on scent. All I know is IT WORKS! My daughter has not gotten lice (since first incident) at school. I don't use on weekends, breaks but use every day of school and plan to use every day of camp (I've heard camp "lice" stories) So far this school year has been lice free!"

WE WELCOME YOUR SALON TO OFFER LICELOGIC LOCALLY. AS YOU KNOW FROM YOUR OWN EXPERIENCE, PARENTS BECOME VERY UPSET WHEN THEIR KIDS CONTRACT LICE. WE GET MANY CALLS NATIONWIDE FROM PEOPLE WHO WANT OUR LICELOGIC PRODUCTS IMMEDIATELY. CONSUMER DEMAND INSPIRED US TO SET UP NATIONAL DISTRIBUTION WITH SPECIALIZED RETAILERS LIKE YOU SO WE CAN REFER THEM DIRECTLY TO OUR LOCAL RETAIL SALONS FOR IMMEDIATE HELP. WE LOOK FORWARD TO HAVING YOU JOIN THE LICELOGIC FAMILY!
